Hurricane Bob in Andover

Storm hit wires, homes, streets

By Don Staruk

High winds and heavy rain knocked down trees and wires, flooded streets and cellars, and caused property damage Monday, but Andover survived Hurricane Bob without major damage or serious injuries, according to town officials.

"I was ready for and expected a lot worse," said Bob McQuade, the town's Department of Public Works director.

"As far as we're concerned, we were lucky to get away with what we got," said Police Lt. Kevin Lynch.

Hurricane Bob battered the Merrimack Valley with winds officially clocked at over 60 miles per hour and dumped more than 2 inches of rain on area communities. The storm hit the Merrimack Valley late Monday morning and was gone by about 6 p.m. By Wednesday morning, at least

12 roads were still blocked.

Buzz Stapczynski, town manager, was vacationing on Cape Cod when Bob struck, but kept in touch with other local officials, first by car telephone, then with regular phones, all day Monday and Tuesday.

The estimated cost of damage in Andover, to both public and private property, had reached \$81,500, Mr. Stapczynski said Tuesday.

"That's just as of today," the town manager said.

Mr. Stapczynski said he "blessed" Tony Torrisi, budget and finance director, as acting town manager when it looked as though Mr. Stapczynski might lose communication with the town.

Mr. Torrisi closed town offices at 11 a.m. and declared a state of emergency in Andover at noon

Reacting to the coup in Russia

Andover's connection

By Lisa Boudreau

News of Soviet President Mikhail Gorbachev's overthrow made Lilia Kandel's spirits soar earlier this week. But, since then she learned the overthrow was a joint Red Army-KGB coup, and now she's worried the new hard-line Communist regime will reverse the Soviet Union's move toward Democracy.

Communist hard-liners seized power Monday from Mr. Gorbachev and replaced him with Vice President Gennady Yanayev. By Wednesday, there was violence and death in the streets and it was unclear who was in power. There are several people living in Andover with direct ties to the Soviet Union.

Ms. Kandel, 42, of 29 Essex St., has lived in Andover for a year. She teaches piano. Her mother, brother and his family still live in the Moldavian Republic near Romania. She is worried about their safety now that the Red Army has taken over the government and her homeland is close to what she describes as civil war.

"At first I was so happy when I heard. I thought it (the overthrow of Mikhail Gorbachev) was from the people, but now I know it is the army and the KGB,"

School board candidates:

One undecided about bus fees

By Lisa Boudreau

Mary Lyman is the only one of six School Committee candidates who hasn't taken a stand on bus fees. Ms. Lyman, 32 Carmel Road, said Wednesday she is still undecided on the issue.

The School Committee is split two-to-two on rescinding the fees approved in May by a complete five-member School Committee. The contested committee seat was left vacant when Chairman Andres

she said.

Like most of the Soviet population, Ms. Kandel doesn't like or even support Mr. Gorbachev's administration.

"Gorbachev always promised a lot and he talks to make himself very important. The American people trust him, but the Soviet people know he is not this person he wants to look like," she said.

She said Mr. Gorbachev hasn't done all of the good things he promised he'd do for the Soviet people.

"All the people hate him. What he does is against the people. He makes promises and makes nice talk, but it is only empty talk," she said.

Ms. Kandel spoke with her family two weeks ago, but doesn't expect to hear from them in the immediate future. She said she will wait until they call her.

"It is really difficult to understand what really goes on. The TV gives so little information," she said.

There is unrest within the general population in the Soviet Union, said Ms. Kandel. People in the Soviet Union's 15 different republics are fighting and they are very angry because the economic situation is so bad. She's worried the tensions growing resulted in clashes between the people and the army-KGB government.

Monday, she said she is afraid the army will open fire on civilian demonstrators.

"They have done that before. The government doesn't talk about it, but I know the real facts about the Soviet army. They killed many Georgians when there was fighting between the Georgian and Azerbaijan republics," she said.

"The economic situation will not change until the political system changes, but they (the army

and KGB) don't want to change the political system," she said.

Ms. Kandel said she is afraid the old hard-line Communist ways might return to the Soviet Union.

"I'm afraid it can go back to the times under Stalin. Those were horrible time in the Soviet Union. Stalin killed a lot of people, some of the best people. It was a strict political time and nobody could go abroad," she said.

"I don't believe there will be anything good in the Soviet Union until there is (a political) change," Ms. Kandel said.

Could be good news

Leonard Mironovich, 50, of 33 Summer St., said he is not sad about the coup that toppled the Gorbachev government. He believes the new Communist hardliners who are running the government may force split Democracy factions in the Soviet Union to pull together toward a common goal.

"I am optimistic the new government will be dropped if it goes backwards," he said.

Mr. Mironovich moved to Andover from Moscow with his wife and teen-age son two years ago. He has a sister in Moscow and he and his wife have a daughter, son-in-law and grandchild, as well as two elderly mothers there.

Mr. Mironovich is a concert flutist and his wife is a classical pianist.

They spoke with his wife's mother Monday and she told them life in Moscow hadn't changed enough at least for the average citizen to see. According to his mother-in-law, there were army tanks in the center of Moscow, but not in the streets where she lived. There is now only one TV program, a state-run propaganda station, which his mother-in-law can watch. All the city's newspapers have been shut down, he said.

According to Mr. Mironovich, it was time for the Gorbachev administration to step down.

"At first both the left and the right liked (Gorbachev). But he spent too much time to make changes," he said.

"He did his job. He began a very difficult deal and he doesn't understand what now must be done. Besides, he was not real elected Russian leader. He was Communist party leader first," he said.

The army and KGB coup only sped up Gorbachev's demise, Mr. Mironovich said. But, he doesn't believe the military regime will last too long.

"Very soon, maybe one or two months maximum, the new government will drop.

They are very unpopular with the people. They are mostly old men who are orthodox Communists," he said.

"Communism was built on blood. The system worked because each person had a gun to his head. Gorbachev took off this gun, but without the gun people don't want to work for the government. They want to work for themselves," Mr. Mironovich said.

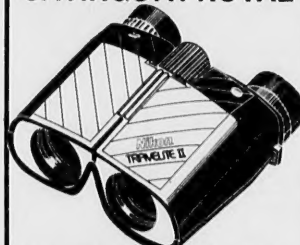

"The country has to survive. Communism doesn't work so it has to be changed," he said.

No relief to the people

Wendy Bewig, 26, of 5 Morton St., returned in June from a one-year teaching assignment in Siberia. Her first trip there was in 1987

NEWS IN BRIEF

AHS plans girls' swim tryouts

Andover High School girls interested in trying out for the varsity swimming and diving team must report to The Greater Lawrence Technical School pool, 57 River Road, Monday, Aug. 26, at 7 a.m.

Practice session for pre-season training will be from 7 to 9 a.m. and 5 to 7 p.m. daily. Girls must have swim cap and goggles and a signed, completed physical.

Fall cholesterol clinics scheduled

The Andover Board of Health will hold cholesterol screening clinics Wednesdays, Sept. 11 and Oct. 16, from 9 a.m. to noon. An appointment is necessary.

The simple fingerstick test for total cholesterol costs \$5 and does not require fasting. The program includes dietary counseling by the public health nurse and referral to your private physician for follow-up care as needed.

For further information or an appointment, call the health department at 470-3800, Ext. 255.

Shawsheen PTO to meet Aug. 27

The Shawsheen School Parent Teachers Organization will meet Tuesday, Aug. 27, on the top floor of Memorial Hall Library at 7 p.m.

Staff will be available to answer questions and drop-off and pick-up will be addressed.

All parents and others interested in the integrated primary at Shawsheen School are welcome.

Diligently seeking singles

The *Townsmen* is looking for single people who live or work (or both) in Andover.

The paper will publish profiles of some of the interesting single people here. But the paper needs your help in locating them.

Please drop us a note or call; us at 475-1943 with your suggestions. Appropriate suggestions for the profiles are people who work here, or people who live here and work out of town, whose jobs are interesting, or who do interesting work for the community; or they simply are people we'd like to read

about.

The *Townsmen* welcomes your suggestions, which the paper needs by Friday, Aug. 30.

Illegal dumping poses threat

By Don Staruk

Three boxes, each containing several 4-8 ounce bottles of nitric or sulfuric acid, were found illegally dumped on Wood Hill last Tuesday morning, Aug. 13, by Andover police.

The boxes were found of the end of Holmes Road near the New England Telephone Co. building.

Police informed Health Department officials who in turn contacted New England Telephone because the chemicals were on the company's property. NET's emergency response team removed the chemicals by that same evening.

Wood Hill is in the town's watershed district that empties into Haggetts Pond, the town's water supply, according to Everett Penney, health director.

"So we wanted them out of there as soon as possible," Mr. Penney said.

He said whoever dumped the chemicals had the sense to wrap them in paper so they wouldn't break and leak.

"It looks like somebody's home chemistry set or somebody had a laboratory or something like that," Mr. Penney said.

Mr. Penney called the dumping "part of our fallout" from the town's having done away with the annual hazardous waste cleanup day.

People with small quantities of chemicals, such as these acids, can't call Clean Harbors or some other large waste collection service to come get them, the health director said.

Until the money is available to reinstitute a hazardous waste pickup, or some other proper method of disposal is found, people will have to store the chemicals in their homes, he said.

Public session is on master plan

The third of a series of monthly public discussions on the master plan will be held Tuesday, Aug. 27, at 9:15 p.m. at a regular meeting of the Planning Board in the third floor selectmen's conference room of the town office building.

This discussion will focus on a presentation for public comment of a draft of the economic development element.

A brief review of the new state law requirements for the development of the different sections or elements of the master plan will also be given.

The draft economic development element contains an economic profile of the town, an examination of economic development issues and an explanation

of the various state and local programs and organizations involved in economic development in Andover such as the Massachusetts Industrial Finance Authority and the town's Industrial Development Commission.

In addition to the explanations, draft recommendations about the future role of each individual program or organization in an overall economic development strategy are also presented.

MBTA one-way pay to cease

An experimental MBTA program to trim labor costs by collecting fares in one direction only on the Lowell and Framingham commuter rail lines will end at the close of service Saturday, Aug. 31.

One-way experimental fare collection systems, introduced in April 1990 on the Lowell Line and in August 1990 on the Framingham line, called for the collection of the fare for a round-trip ticket in one direction and no collection in the opposite direction. The one-way system was designed to save the T \$50,000 a year per commuter rail line in reduced employee overtime.

Acting T General Manager James E. Rooney said, "We started the one-way system as an experiment to cut costs. While we were successful in saving on labor, we found an unacceptable shift in ridership to the 'no charge' direction."

According to on-board conductor counts (taken in May 1990 and May 1991), while the experiment was underway ridership on the Lowell line increased by 392 passengers and on the Framingham line by 283 passengers each weekday.

Ridership for the 12 months prior to the start of the experiment averaged only about a 2 percent difference between the number of people who rode in each direction. After 12 months under the one-way system, both lines showed, on average, more than 12 percent more riders in the "no charge" direction than the "pay" direction.

Mr. Rooney said, "The experiment did not produce the savings we wanted, but we are hopeful that it has resulted in a number of new riders trying the system who will remain with the T for many years to come."

Clarification

A story on page 15 in last week's *Townsmen* incorrectly gave the impression that Pike School is sponsoring the Sept. 19-21 ski and skate sale that is being held at that school.

The sale is sponsored by the Ski and Skate Board, a non-profit organization formed for the purpose of holding that sale. This year, the proceeds from the sale will benefit the Andover ABC program, A Better Chance.

For further information, call 475-1197 between 9 a.m. and 3 p.m.

Reacting in Andover to the coup in Russia

(Continued from page 2)

when she spent a year of study with a Brown University exchange program. She has a Russian studies and history degree from Brown and she will teach Russian at Phillips Academy this fall.

"I'm not terribly surprised that Gorbachev was overthrown. It's been expected by the Soviets for a long time now. Gorbachev lost domestic respect after toting his line of Glasnost and Perestroika without bringing relief to the people," she said.

She said the economic situation was already bad when he came to power in 1986, but they got increasing worse during his rule. According to Ms. Bewig, the only thing that people told her improved was their ability to complain about the conditions.

"The people joke about the 'good old days under the Brezhnev regime,' but they do it half tongue-in-cheek," she said.

She said under the old Communist regime, an average citizen could buy food and clothing, find a place to live, get married and have a family.

Now, the Soviet standard of living has dropped so far that "people feel like they are living in a war zone."

"What happened Monday probably wasn't what anybody in the Soviet Union would have ordered on the change menu. I'm sure they would have preferred a smoother, non-military alternative to Gorbachev," Ms. Bewig said.

Canceled business trip

Lorna DiMeo, 46, of 84 North Main St., had to cancel a business trip to the Soviet Union she planned next week. She runs a non-profit foundation in the Soviet Union to train psychiatrists, psychologists and social scientists in Leningrad.

Although she didn't know of any organized movement to topple the Gorbachev administration, Ms. DiMeo said she saw widespread unrest in the Soviet Union and she's been expecting "major changes" for some time.

The Soviet people were unhappy with Gorbachev because his promised reforms were moving too slowly, she believes.

"The Soviet people hate him," she said of Mr. Gorbachev.

"He hasn't given them what he has promised, but I don't think anyone could. They have been isolated for 70 years and they really don't understand capitalism.

"They thought capitalism was going to put lots of goods on their shelves, like TVs, VCRs and camcorders. They don't understand the chaos that getting to a new system will bring. They don't have a concept of that the transfer is difficult," she said.

The right-winged faction of the Communist government believed he was moving too quickly, according to Ms. DiMeo.

"(The Communists) thought the union was breaking up with all the concessions he was giving the republics," said Ms. DiMeo.

"The Communists wouldn't give up that easily," she said.

Ms. DiMeo doesn't believe the Soviet Union will ever go back to the ways of the old Communist regime, but she also knows that many Soviet people are terrified right now.

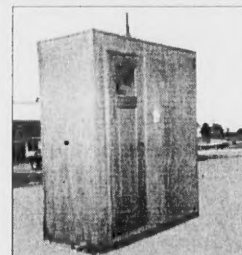

"Many, I'm sure, would like to go back to the old Communist system in

some respects. Their lives were subsidized by the government and even though they had to wait in lines there were no shortages like there are today," she said.

According to Ms. DiMeo, life for the majority of Soviets was easier under the old system. It was "more predictable," she said.

"Under the new system there are no guarantees. It's a crap-shoot. Nobody knows what is going to happen," Ms. DiMeo said.

Women's Resource Center to train some volunteers

The Women's Resource Center is looking for volunteers to provide support and understanding to women experiencing abuse in their home. The center will begin a 25-hour training on Tuesday, Sept. 17, for women interested in this work.

The agenda includes an orientation, information regarding volunteer options and defining the violence. Subsequent sessions cover sexism, legal options, self awareness and listening skills. Volunteers will learn procedures for providing emergency shelter and other assistance to women in crisis.

No specific prior experience or education is required and women who have had life experience with abuse are encouraged to participate. The center can arrange to have a speaker come to your group.

The center services Lawrence, Andover, North Andover, Haverhill and surrounding communities, including southern N.H. In 1990, 3,922 women were turned away from Massachusetts shelters because of lack of space.

For more information, call Betty at 373-4041.

Road to Recovery seeks volunteers

The American Cancer Society is seeking volunteers for the Road to Recovery program. Volunteers will be trained to assist with transportation of patients to and from outpatient treatment appointments.

For more information, call the American Cancer Society at 851-4870 or 686-1010.

CLIP and SAVE

HEALTH

Take charge and exercise

By Paul Newton

Recently one of my parents' best friends, who is in his mid-60s, had a major heart attack and had to undergo triple bypass surgery. His family and friends could only stand by and pray for a positive outcome. At that moment there was nothing they could do, except wonder how they might have been able to help prevent this nasty, life-threatening situation. Luckily, by the skill of some extremely competent physicians, he survived this very scary incident and is now on his way to recovery.

It was not until this occurrence that my parents truly realized the importance of maintaining a fit lifestyle. The shock of the possibility that such an event could also strike them has led them toward an increased awareness of fitness. Almost instantaneously, they both had a physical examination by our family physician and have begun to change their eating and exercise habits. Although their friend's episode was on the negative side, it was beneficial to my parents in that they are now on their way toward a possibly longer, healthier and happier life.

There are four gentlemen who work out at the health club where I work, in Concord, Mass., who are an inspiration because of how well they carry themselves at their age. They all agree that it is exercise that has been the biggest contribution to the happiness and healthfulness in their lives.

Sam Belt, 82, of Sudbury, Howard Taylor, 74, of Concord, Jim Vosburgh Jr., 69, of Concord, and Oscar Kress, 68, of Acton are the big attraction in the fitness center every morning as younger members stand awestruck at the vitality these men demonstrate every day in accomplishing their workouts.

It was over a year ago when Sam's doctor told him he had a maximum of only three to six months to live due to a cancerous lung lining. Today he rides an exercise bike for an hour and completes a weight machine circuit. He and his doctor attribute his living beyond his established deadline to exercise.

Howard is the jokester of the group as he always makes people laugh, yet you'd never know he had a heart attack, has arthritis and is an insulin-dependent diabetic. His health tips are to "eat right and keep moving."

Jim actually has a personal trainer at the club so his motivation will stay up. He is also an insulin-dependent diabetic, has a serious

heart condition and is an asthmatic. Jim has been working out regularly at the club for more than two years and this is something he will never give up.

Oscar is a sight to be seen, as his physical condition at his age is truly amazing. He has no serious ailments and attributes his ability to occasionally eat "gooey foods" to exercising three to five times a week. Staying in shape is no problem for Oscar since he plays tennis, skis, swims, runs and does anything outdoors he can.

Seniors can reduce or slow down many of the effects of aging through exercise and physical activity. Before beginning an exercise routine, a physical examination by a person's physician is recommended so any limitations can be noted.

There are basically two types of exercise that help increase quality of life. Aerobic exercise, such as walking, running, bicycle riding, cross-country skiing and rowing will benefit heart- and lung-efficiency and reduce body fat. Weight training, such as weight lifting with dumbbells, barbells, or machines, will strengthen muscles, bones and joints. Other positive effects include better flexibility, balance, reaction time and overall feeling of well being.

So don't just sit around and let your biological clock tick by. Take charge of your life and engage in some form of physical activity today. It may save your life tomorrow.

Paul Newton of 29 Pleasant St. is an exercise specialist at a health club in Concord.

Dentist receives award

James T. Reilly, DMD, of Andover, received the Academy of General Dentistry's Fellowship Award during a special ceremony at AGD's annual meeting in July.

James T. Reilly

The academy is the second largest dental organization in North America. Its 32,000 members are dedicated to continuing dental education in general practice. To earn the Fellowship Award, AGD dentists must complete more than 500 hours of continuing education within 10 years and pass the Fellowship exam.

Dr. Reilly graduated from Tufts University School of Dental Medicine in 1969. He maintains a private practice with Dr. Joseph A. Spinale in Burlington.

Dr. Reilly is a member of the American Dental Association, the Massachusetts Dental Society, the Northeastern Prosthodontic Society and the Burlington Dental Study Club.

He is active in the Boy Scouts of America and St. Augustine's parish.

Dr. Reilly and his wife, Mary, have three children: Benjamin, Jonathan and Katherine.

Theresa Duffy receives scholarship

An Andover resident received a scholarship award from the Massachusetts Long Term Care Foundation at a luncheon held recently at the Marriott Hotel in Newton.

Theresa Duffy was presented with a \$1,000 scholarship to pursue further education in long-term care. Ms. Duffy is a certified nursing assistant at Prescott House Nursing Home in North Andover.

Bank posts net loss of \$25.9 million; Andover Bankcorp blames bad loans

Andover Bancorp Inc. has announced its operating results for the six months and second quarter ended June 30. Bancorp's assets stood at \$638 million at June 30, while its capital to assets ratio amounted to 9.34 percent.

The operating results for the year-to-date period ended June 30 reflected a net loss of \$25.9 million or \$6.32 per share, compared to net income of \$848,000 or 21 cents per share for the like period in 1990. The 1991 loss included a loss of \$6.4 million on real estate operations and a loan loss provision of \$23.5 million.

For the quarter ended June 30, Bancorp experienced a net loss of \$22.3 million or \$5.44 per share versus a net loss of \$277,000 or 7 cents per share in the equivalent quarter of 1990. The second quarter of 1991 included a loss of \$4.4 million on real estate operations. This quarter also included a loan loss provision of \$19.5 million, which amounts to \$3.5 million increase to the previously

announced estimate of a \$16 million loan loss addition. The increase represents the results of management's continual review and evaluation of the allowance for loan losses and the conclusion of a routine examination by the Federal Deposit Insurance Corporation.

The reserve for loan losses at June 30 totaled \$26.1 million, which is after the provision previously mentioned. Net charge-offs totaled \$8.1 million for the second quarter and \$10.6 million for the year-to-date period. The reserve is equal to approximately 46 percent of non-accruing loans.

As of June 30, non-accruing loans totaled \$57 million, while Other Real Estate Owned (OREO) amounted to \$22.3 million. This compared to non-accruing loans of \$33.6 million and \$25 million in OREO at March 31.

As Gerald T. Mulligan, chief executive officer, previously stated, in anticipation of the quarterly earnings announcement, "The bank is now

experiencing the full impact of the real estate loan problems that have plagued New England's banking industry for the past two years. During the second quarter, the bank experienced a significant increase in non-accruing loans.

"In light of continuing uncertainty in the regional economy generally and the real estate market particularly, we have responded to the growth in non-accruing loans by a corresponding increase in the loan loss reserve. While we believe that the level of the reserve is adequate, the continued appropriateness of the reserve is, of course, dependent on future conditions and under continual review."

Andover Bancorp Inc. is the parent company of Andover Bank, a Massachusetts-chartered savings bank organized in 1834. The bank, headquartered in Andover, operates branch banking offices in West Andover, Lawrence, Methuen, North Andover and Tewksbury.

Living proof that sophisticated surgery can put you back in operation fast.

What she had expected was a long and painful recovery that would seriously jeopardize her ability to care for five active children. But the doctors at New England Memorial had other plans for her. Only seven days after the removal of a diseased gall bladder, Denise Dorney found herself in a totally unexpected situation—on a camping trip!

As the first hospital in the area to acquire sophisticated laparoscopic equipment, and with a staff of surgeons well trained in the latest laser surgery techniques, New England Memorial offered Denise a relatively painless procedure requiring only minute incisions that could allow her to return home within 24 hours. All

made possible by a revolutionary new laser technology. And gall bladder removal is just the beginning. Mastectomy, hernia repair, fertility procedures, and removal of ectopic pregnancies, uterine fibroid tumors, thyroids and skin lesions are also greatly simplified by the new laser techniques.

For Denise Dorney, high technology brought high hopes of a swift recovery. And New England Memorial made it a reality. Living proof that major surgery doesn't have to be a major setback in your life.

Ad firm wins advertising award

For the third consecutive year, a North Andover-based specialty advertising firm has won the Silver Pyramid award in the Specialty Advertising Association International Pyramid Competition.

Advertising Concepts Inc. was recognized for "outstanding use of specialty advertising products for an internal promotion" at the 33rd SAA International Competition in Chicago.

Advertising Concepts Inc. President Frank Firicano of Andover and New England Telephone Sales Incentive Program Director Jan Bolduc earned the Pyramid for their promotion "TeleStar '90," which was developed to improve sales performance and maintain employee morale. "TeleStar '90" combined a theatrical theme "There's No Business Like Phone Business" and turned Broadway into a sales arena. NET sales/service representa-

Pike kids win plaque for math

Sixth-graders at the Pike School have received a plaque from the New England Math League. They are the 1991 Essex County champions at their grade level in the league's annual contest.

Two Pike students earned the highest scores of any sixth-graders in the county. Tied for top honors were Tyler Simons of Andover and Adam Steinert of North Andover.

Other members of the winning team were Peter Cox, Joshua Lemaître and Dylan Pecelli of Andover and Dana Parnes of North Andover.

Pike is one of more than 400 schools throughout New England participating in the annual competition.

College junior wins scholarship award

Peter Casaletto, a junior Spanish and physical education major at Cedarville College in Cedarville, Ohio, is the 1991 recipient of the Alumni Scholarship Award for the department of physical education.

Peter Casaletto

The son of Mr. and Mrs. Paul Casaletto of Andover, he is a 1988 graduate of Fellowship Bible High School.

West Parish gives scholarships

West Parish Church of Andover gave several high school graduates the church's William Albert Trow Scholarship.

The scholarship recipients are George E. Bilger, son of Edward and Dorothy Bilger; Craig S. DerAnanian, son of Souran and Gail DerAnanian; Amanda B. Gulezian, daughter of Glen Gulezian and Jan Peters; Geoffrey P. Schaake, son of Paul and Glenda Schaake; Amanda L. Witman, daughter of B.J. and Peter Witman; and Heather Reed, daughter of Robert Reed, all of Andover. Also receiving scholarships were Dean and Jeffrey Hutchinson, who live out of state and are descendants of Mr. Trow.

Thirteen girls tried out for all the cheerleading squads at Andover High School. From that group, eight were chosen. The captains are Julie Giangregorio, Mary Austin, Amy Neskitt and Tammy Smith. The eight who were chosen from the first tryouts are: Kim Beebe, Erica Damaso, Leigh DeMarco, Sara LaRose, Cori O'Brien, Heather Pierog, Jaime Westaway and Julia Rozopos. In the photo at right, Sara LaRose performs her cheerleading routine for the judges. The group of girls in the photo above are practicing their routines before tryouts at Dunn Gymnasium. After two days of clinics in which the girls learned some basic Andover high cheers, they had to perform for the judges to earn a spot on the team. A practice clinic will be held today at 5 p.m., AHS gym. Tryouts are Monday, Aug. 26, same place, 4 p.m.

Julie Shaer elected to honor society

Andover resident Julie Shaer, daughter of Susan Shaer, was elected to the National Honor Society. Ms. Shaer is a junior at the Chapel Hill-Chauncy Hall School in Waltham this year.

Children's center raises funds for charity

A total of \$1,333.25 was raised by the Early Childhood Learning Center in North Andover in a recent benefit for the Cystic Fibrosis Foundation.

"We had tremendous response," said Betsy Leeman, parent volunteer and chairwoman of the ECLC Festival Day. "The money raised for the foundation is indicative of the willingness of the people here to help others."

Confetti Kids plans tryouts

The Department of Community Services will hold auditions for Confetti Kids Friday, Sept. 6, at 3:30 p.m. at the West Elementary School auditorium.

Children must be accompanied by an adult. Membership is for children in the Merrimack Valley area in grades 3-9. Children should be prepared to perform a simple monologue such as a nursery rhyme, child's poem or dramatic interpretation

and sing a few lines from either *Twinkle Twinkle Little Star* or *America (My Country 'tis of Thee)*.

Approximately 30 will be chosen for poise, dramatic ability and voice quality. Confetti Kids will meet Thursdays at West Elementary, 3:15-4:30 p.m. Classes are designed to develop musical and dramatic skills through the use of songs, skits and pantomime.

William Adams is immersed in the other cultures

William T. Adams, son of John L. and Carol Couch Adams of 64 Lucerne Drive, is attending the Concordia Spanish Language Village near Bemidji, Minn., through Aug. 24.

Sponsored by Concordia College in Moorhead, Minn., the Language Villages is an informal experience-based program introducing young people ages 7 to 18 to 10 world languages and cultures. The "villages" - Chinese, Japanese, Russian, French, German, Spanish, Norwegian, Swedish, Finnish

and Danish - are held at lakeside facilities in central and northern Minnesota.

The villages are representative of travel to countries around the world. Participants are issued passports, exchange their American currency and adopt ethnic names. In one-, two-, or four-week sessions they learn the language and experience the culture through conversation groups, celebrations of holidays and historical events, songs, dances, crafts and games, and

through ethnic foods and mealtime conversation.

The four-week sessions, open to ninth through 12th-graders, also include intensive language classes for high-school credit. No previous language experience is necessary, since the programs are structured for both non-speakers and those fluent in the language.

Students enrolled in College Gate

Six Andover students enrolled this summer in College Gate, a program designed to meet the scholastic needs of academically talented children in kindergarten through the third grade.

Erin Comer, Keiko Yoshida, Michael Simarl, Chris Simarl, Ryan Domigan and Jeffrey Tompkins each selected three courses, including creative dramatics, science power, bonjour, Artful Dodgers, chemistry, physics and Invention Convention.

One of six campuses, College Gate in Winchester was located in the Lynch School. The program ran for three weeks in July.

"Class size is limited to 10 students so that teachers can provide optimal conditions for their students' learning," said Trudy Coleman, coordinator.

According to Ms. Coleman, the philosophy of College Gate is "learning is fun."

"All courses have a hands-on approach and move at a rapid pace through their content," she said.

UMass intern finishes program

Shubha Bilwakesh, daughter of Champa and K.R. Bilwakesh of Garfield Lane, is vacationing this week after completing a field experience program at Ginn Press in Needham.

The program was conducted through the University of Massachusetts at Amherst, where Ms. Bilwakesh will be a junior this fall.

While at the publishing company, she was the permissions editor, responsible for the permissions clearance process.

Ms. Bilwakesh's duties included contacting publishers and authors to negotiate fees, conducting research and coordinating projects.

"The work of our students in state agencies, public-service organizations and private industry makes a significant contribution to the state's economy," said Ellen Wolf, director of the field experience program at the university's Mather Career Center.

Ms. Bilwakesh, who graduated from Andover High School in 1989, is studying management at UMass.

Student heads to Virginia

Wendy Germain, daughter of Lori Germain of Island Way, will attend the University of Richmond in Richmond, Va., as a member of the class of 1995.

The June honors graduate of Andover High School was a senior class senator and a varsity soccer player. She was also active in the Big Sister program.

Financial aid available at Northern Essex

Financial aid is still available for eligible students taking classes beginning Sept. 4 at Northern Essex Community College, according to Dr. Richard Pastor, director of financial aid and special services.

Although it takes six weeks for applications to be processed, Pell Grants are still available, and applications can be made for the fall semester up to May 1, 1992.

But Dr. Pastor encourages anyone interested to apply early, since the earlier the application is processed, the sooner the financial aid will be awarded. In addition to the Pell Grant, Northern Essex students may still apply for a Stafford Student Loan.

Students interested in applying for a Stafford Student Loan will have to complete a financial aid form as part of the application procedure, but banks will allow applications for a loan through the end of April, according to Dr. Pastor.

The financial aid office will assist students in applying for aid. For more information, call the financial aid office.

College implements payment program

Coming up with the money it takes to pay for college expenses can cause many sleepless nights.

Northern Essex Community College is offering students a service designed to make financing a college education a little bit easier, according to Ernie Greenslade, the college's spokeswoman.

Instead of paying the usual sum of money for tuition costs in one payment at the beginning of the semester, Northern Essex students will now be able to budget these expenses through regularly scheduled payments over a 10-month period, Ms. Greenslade said.

The payment plan is offered through American Management Services, a financial management company.

For a yearly fee of \$45, anyone can take advantage of this payment plan, with no interest or finance charges. Enrollment includes a special life insurance coverage plan at no extra cost.

For more information or to request an application from American Management Services, contact the bursar's office at Northern Essex Community College. The phone number is 374-3895.

Merrimack honored for work with minority kids

Merrimack College's Urban Institute received an award for its "exemplary work in accelerating minority student achievement."

The award, from the Presidents' Forum on Teaching, a coalition of college and university presidents, was presented in Atlanta as part of an American Association for Higher Education conference of more than 500 educators from 29 states and Puerto Rico.

The award recognizes outstanding collaborations between schools and colleges that help improve minority students' academic achievements.

Merrimack's Urban Institute, which is located on Haverhill Street in Lawrence, has two school and college partnerships: one with Lawrence High School and one with Frost Elementary School in Lawrence.

"Accept the Challenge" at the high school prepares students for college by accelerating English fluency and acclimatization into American life.

The partnership with the elementary school encompasses many projects: a high school transition program aimed at lowering the high ninth-grade dropout rate in the city; an after-

Tenant Injuries

A tenant or guest injured by a defective condition in either an apartment, hallway, or exterior portion of a building may bring a lawsuit against the owner in order to obtain compensation for injuries even if the tenant knew the defect existed at the beginning of the tenancy. A landlord cannot evict or retaliate for the exercise of these rights. An attorney familiar with housing law and the requirements of the State Sanitary Code can assist in enforcing your rights.

Contact John S. Wessler, who represents tenants seeking compensation for violations of their rights.

UMass graduates marry

Gail E. Betterman and Michael B. Feinman were married at Temple Beth El in Swampscott. The double-ring ceremony was performed by Rabbi Edgar Weinsberg.

The matron of honor, Rada Betterman of Revere, accompanied the bride, along with bridesmaids Carol Finkelstein of West Peabody and Patti Berry of Stoughton.

The best man, Mark Dubinsky of Haverhill, accompanied the groom, along with ushers Steven Betterman of Revere and William Boyle of Springfield.

The bride, daughter of Laura Levine of Salem, Mass., formerly of

Marblehead, and the late William Betterman, graduated from the University of Massachusetts at Amherst. She is employed by Bay State Health Care in Cambridge.

The groom, son of Mr. and Mrs. Andrew Feinman of Andover, received undergraduate and graduate business degrees from UMass and a law degree from Western New England College School of Law in Springfield. He has his own private law practice in Andover, where he concentrates on bankruptcy, real estate and commercial law.

After a Caribbean cruise, the couple lives in Andover.

Couple marries on Fourth of July

Amy Kimball Dunbar and Theodore M. Hester were married at the Jefferson Memorial in Washington, D.C., July 4.

The bride, daughter of Dr. and Mrs. Douglas M. Dunbar of Andover, graduated from Concord Academy, Dartmouth College and Northeastern Law School. She is the director of governmental affairs for the National Association of Bond Lawyers.

The groom, son of Mrs. Roy Hester of Richland, Ga., and the late Roy Hester, graduated from the University of Georgia and Harvard Law School. He is the managing partner of the Washington office of King and Spalding.

Theresa O'Leary weds Manuel Gutierrez

Theresa J. O'Leary, daughter of Mr. and Mrs. John O'Leary of 37 Bannister Road, and Manuel J. Gutierrez, son of Mr. and Mrs. Manuel Gutierrez of Lawrence, were married May 10 at St. Joseph's Church in Ballardvale.

The Rev. Thomas Meehan, parochial vicar of St. Augustine Church, officiated.

Given in marriage by her father, the bride was attended by JoAnn Brothers as maid of honor. Her bridesmaids were Betsy Quinn, Nancy Nartiff and Margaret Wade.

Alef Gutierrez was the best man. Serving as ushers were Mark Endyke, Michael Proposki and Vinny Faranna.

After a reception at Windsor Mills, the couple took a wedding trip to Hawaii.

The bride, a graduate of Andover High School, attended Northern Essex Community College and is employed by Raytheon Co. in Andover.

The groom, who graduated from Lawrence High School, also works at Raytheon.

The couple lives in Derry, N.H.

Comedienne entertains at UJC annual meeting

What's so funny about being Jewish? Those who attend the Merrimack Valley United Jewish Communities' annual meeting Sunday, Aug. 25, will get a pretty good idea.

The evening's entertainment, scheduled for 7 p.m. at Old Town Hall, 20 Main St., will showcase comedian Caryn Bark.

Ms. Bark has performed standup routines at the Comedy Store in Los Angeles and the Punchline in San Francisco where she participated in the third international standup comedy competition.

According to Sheila Goldstein, incoming UJC president, Ms. Bark covers the gamut of the contemporary Jewish scene: Jewish upbringing, single Jewish women, Jewish men, Jewish families.

Those who wish to attend Ms. Bark's performance should contact the United Jewish Communities at 688-0466.

Church marks end of summer

Buttons the Clown will appear at the North Andover Community Center Saturday, Aug. 24, from 11 a.m. to 1 p.m. and Sunday, Aug. 25, at 10:30 a.m. to lead the Neighborhood Alliance Church in its "End of Summer celebration."

Buttons (the Rev. Don Howland), who makes his home in Corpus Christi, Texas, has been a missionary with the Alliance in Mexico and the Dominican Republic.

Rev. Howland helped establish Spanish-speaking churches in Attleboro and San Antonio, Texas, and has been pastor of English-speaking churches.

As Buttons, he forms balloon sculptures and does illusions to make a visual presentation of the Gospel. He encourages children's participation.

Father George will come home with doctorate #2

The Rev. Dr. George A. Karahalios, pastor of Sts. Constantine and Helen Church, left recently for Europe to work on deciphering and translating the work of 11th-century Greek philosopher Michael Psellos.

Over the next five months, Father Karahalios will translate "codex Parisinus gr. no. 1182," one of the philosopher's most acclaimed works.

He is headed for the Benzanine Institute in Munich, the National Library of France in Paris and his native Greece to work on his formidable project.

Father Karahalios talks about Psellos as though he knew him personally. The Greek philosopher's works have a particular fascination for the pastor because, he says, they still apply to modern life.

Michael Psellos was a Byzantine philosopher, theologian and politician who wove philosophy into Christian ideas and whose renewal of Byzantine classical learning later influenced the Italian Renaissance.

Father Karahalios has studied the works of Psellos since 1967 and has done two thesis dissertations on him: "A Philosophical

Trilogy: God, Cosmos and Man" and "On Men." The last time anyone attempted to tackle Psellos' work was in 1865 in France.

"It's a big challenge. But if I don't do it, I feel it would be unfair," Father Karahalios said.

He doubts he will have the translation done by December because of the complexity of the work. He said translating the philosopher's work is extremely difficult because of his writing style and the fact that Psellos referred to other Greek philosophers and writers without quoting the works. Father Karahalios said he is doing the work voluntarily because he wants people to know about Psellos.

Father Karahalios studied at Holy Cross Seminary, the University of New Hampshire and Lowell Institute of Technology. In 1965 he received a master of divinity degree from Boston University and later studied at the University of Heidelberg where he was awarded his doctorate in philosophy.

He also studied at the University of Athens and has submitted a dissertation for a reading and will receive a doctorate in theology while he is abroad.

OBITUARIES

John F. Sullivan, 66 Tewksbury police chief

John F. Sullivan, 66, of Tewksbury, retired chief of police for the town of Tewksbury, died Tuesday, Aug. 13, at a Lowell hospital after suffering a heart attack.

His career as a police officer in Tewksbury spanned 40 years. He was appointed a patrolman in 1948 and was promoted to sergeant in 1951. He became chief in 1953, retiring in 1988.

Chief Sullivan served in the U.S. Navy during World War II and was a life member of the Tewksbury DAV Post 110 and the Tewksbury Veterans of Foreign Wars Post 8164.

He was an avid golfer and member of the Longmeadow Country Club. He also held a charter membership in the Tewksbury-Wilmington Elks Lodge 2070 and belonged to the Irish-American Club in Billerica.

Professionally, Chief Sullivan held a life membership in the Massachusetts Chiefs of Police Association and was a member of the New England Police Chiefs Association.

Family members include his wife, Jeanette B. (Martin) Sullivan; his mother, Mary E. (Sullivan) Sullivan of Tewksbury; daughters, Dorothy J. Flanagan of Dracut, Mary McCann of Manchester, N.H., Maureen K. Paolini of Plaistow, N.H., and Barbara A. Field, Jeanne M. Rosberg and Nancy D. Sullivan, all of Tewksbury; sons, John F. "Jackie" Sullivan Jr. of Andover, Brian D. Sullivan of Lowell, Michael R. Sullivan of Londonderry, N.H., William L. Sullivan of Amesbury and Kevin M., Harold J., Kenneth E. and Neil P. Sullivan, all of Tewksbury; brothers, Timothy and Kevin C. Sullivan of Andover and Chester, Robert and Michael Sullivan, all of Tewksbury; sisters, Regina Patenaude and Dorothy Hodgeson of Tewksbury, Mary Sullivan of Florida and Theresa Toomey of Sandwich; 24 grandchildren; and many nieces and nephews.

He was also the son of the late John D. Sullivan and brother of the late Harold and Edward Sullivan.

Services were held Saturday at the Tewksbury Funeral Home, followed by a Mass at St. William Church in Tewksbury. Burial was in Tewksbury Cemetery.

Memorial contributions may be made to the Longmeadow Golf Club Scholarship Fund, Havilah Street, Lowell, Mass. 01852.

Michael F. Dowe, 54 Central Catholic administrator

Michael F. Dowe, 54, of 250 Middlesex St., North Andover, a well-known and respected area educator, died Friday, Aug. 16, at Lawrence General Hospital.

Mr. Dowe was born in Lawrence and lived in Salem, N.H., where his father, the late Everett Dowe, was the chief of police. The younger Dowe made his home in North Andover for 27 years.

A 1954 graduate of Central Catholic High School, he graduated in 1958 from Merrimack College, where he later joined the Alumni Association. He earned his master's degree in administration from Salem State College.

For the past 10 years, Mr. Dowe was an associate principal at Central Catholic, but his experience at the school included teaching, administration of the guidance department and coaching.

Mr. Dowe ran in the Boston, New York and Newport, R.I., marathons. In June, he ran in the Mount Washington road race; two weeks ago, he ran in the 10-mile Newburyport Yankee Homecoming road race; and 10 days ago, he participated in a five-mile road race in Andover.

Mr. Dowe was also a golfer and bridge player.

He attended St. Michael Church in North Andover and was a member of Central Catholic High School Guild.

Family members include his wife, Nancy M. (Richardson) Dowe; sons, Michael F. Dowe Jr. and Patrick Dowe, both of North Andover; daughters, Maureen H. Dowe of North Andover and Kara A. Keleher of Andover; son-in-law, Michael P. Keleher of Andover; brother, Everett B. Dowe of Windsor, Conn.; sister, Kathleen Madden of Springfield; sister-in-law, Pauline Dowe of Andover; and many nieces, nephews and cousins.

A funeral Mass was celebrated Wednesday at St. Michael Church. Burial was in Ridge-wood Cemetery in North Andover.

Memorial contributions may be made to the Michael F. Dowe Memorial Scholarship Fund, care of Dan Cargill, Central Catholic High School, 300 Hampshire St., Lawrence, Mass. 01840.

Funeral arrangements were by Charles F. Dewhirst Funeral Home in Methuen.

Mary A. Baron, 74 St. Patrick's parishioner

Mary A. (Basile) Baron, 74, of Methuen and Lake Worth, Fla., died Monday, Aug. 19, at Lahey Clinic in Burlington.

Born in Haverhill, Mrs. Baron lived in the area most of her life. She was educated in Haverhill schools and attended St. Patrick Church in Lawrence.

Family members include her husband, Fred H. Baron of Methuen; daughter, Barbara Royal of Londonderry, N.H.; son, Richard Baron of Lake Worth; sister, Antoinette Wright of Andover; granddaughters, Gaye Marie Holt of Hudson, N.H., Kimberly Koons of Kelso, Wash., and Candice Royal of Londonderry, N.H.; three great-grandchildren; and several nieces, nephews, aunts, uncles and cousins.

A Mass will be celebrated Thursday, Aug. 22, at 9 a.m. at St. Patrick Church in Lawrence. Burial will be in Florida.

Funeral arrangements are by Racicot Funeral Home in Lawrence.

Robert P. Beaucage, 72 Retired educator

Robert P. Beaucage, 72, of San Marcos, Calif., died Monday, Aug. 19, at his home.

Born and educated in Haverhill, Mr. Beaucage had also lived in Bradford before moving to San Marcos in 1983.

He received a master's degree in education from Salem State College.

Mr. Beaucage began his teaching career in a small town in Vermont and then moved to Amesbury, where he taught for 33 years, retiring in 1983 as vice principal of Amesbury Middle School.

He was a member of the Massachusetts Teachers Association.

After moving to California, Mr. Beaucage worked at his nephew's art gallery and spent his summers at Lake Winnepesaukee in New Hampshire.

Family members include his sisters, Elizabeth Gordon of San Marcos and Patricia Anderson of Wolfeboro, N.H.; 13 nieces and nephews, among whom is Patricia Branca of Andover; and 23 grandnieces and grandnephews.

Services will be held Saturday, Aug. 24, at 10 a.m. at Farmer and Sons Funeral Home, 106 Summer St., Haverhill, followed by a Mass at Sacred Hearts Church in Bradford. Burial will be in Elmwood Cemetery, also in Bradford.

Friends may call Friday, Aug. 23, from 2 to 4 and 7 to 9 p.m. at the funeral home.

Memorial contributions may be made to the American Cancer Society, Merrimack Valley Office, 853 Main St., Suite 205, Tewksbury, Mass. 01876.

Blanche Silva, 63 Accounts payable clerk

Blanche R. (Maffei) Silva, 63, of 58, Edgelawn Ave., North Andover, died Friday, Aug. 16, at Lahey Clinic Hospital in Burlington.

Born in Medford, Mrs. Silva graduated from Medford High School and lived in Andover and North Andover the greater part of her life.

She was an accounts payable clerk at Standard Duplicating Co. in Andover.

Mrs. Silva was the widow of George F. Silva. Family members include her daughter, Annette B. Silva-Grams of Andover; sons, Craig B. Silva of Andover, George F. Silva Jr. of California and Scott A. Silva of Haverhill; sister, Gloria Bellino of Billerica; and brother, Louis Maffei of Reading.

Burial was in Westview Cemetery, also in Lexington.

Memorial contributions may be made to the American Cancer Society, 439 S. Union St., Lawrence, Mass. 01834.

Funeral arrangements were by John Caron Funeral Home in North Andover.

Hurricane in Andover

[Continued from page 1]

Monday, shortly after Lt. Paul Cellucci, acting governor in Gov. Weld's absence, declared a state emergency.

All town services were closed except for emergency personnel. An evacuation shelter was opened at Andover High School and the water department on Lowell Street was turned into a communications center with extra personnel from town offices to answer telephones.

Only three persons made use of the shelter, which was run by Red Cross volunteers and town personnel, and it was closed by 6 p.m. when the storm quieted down, Mr. Torrissi said.

Mr. Torrissi said employers let workers out early and people stayed off the streets so that emergency vehicles and work crews could get through. With all the downed trees and wires, not a single call was received for anyone trapped in a car, Mr. Torrissi said.

But he warned that the damage from the storm would take some time to clean up.

"There are whole trees that are uprooted and snapped," Mr. Torrissi said Tuesday.

He said damage estimates could go

much higher, very likely over \$100,000, and said it would probably be several weeks before all the trees were cleaned up. He said other work, such as preparation of sport fields for the fall, could be delayed while workers concentrate on damage from the storm.

He also warned residents to beware of wires that might still be down. Just because they are "dead" at one time doesn't mean they couldn't be live once power is restored later, Mr. Torrissi said. He said Mass. Electric and/or the police should be notified of downed wires.

Trees, wires down

Most of the emergency calls received at the police station were for downed trees and wires, according to Police Lt. Kevin Lynch.

"That kept us going nonstop," Lt. Lynch said. "All we tried to do was secure the area with yellow tape and notify Mass. Electric."

The day shift of police officers stayed and worked with the night shift until calls started quieting down around 8 p.m., according to the lieutenant.

Business picked up Monday at DeMoulas supermarket in Shawsheen Plaza as news of the approaching hurricane made its way through town.

STORM TALK

By Don Staruk

Everybody who called the police for help with downed trees or wires during the hurricane Monday had a legitimate concern and all deserved quick service, according to Lt. Kevin Lynch, but police couldn't respond fast enough for several callers.

"One lady had a sickly old man" she was taking care of and needed to be able to get out of her street, the lieutenant said. "Another guy had a pregnant wife," and said he should have his street cleared so that if his wife's time came he could get her to the hospital.

"Another had a handicapped man they took care of. Everybody wanted to be first."

Many calls the police received Monday and Tuesday were questions about when the power would return or when streets would open.

"That's part of the problem. We're buried with questions we shouldn't be getting," Lt. Lynch said.

But at the same time, each call is dealt with seriously.

Hanging trees

Lt. Lynch went to Lowell Street after calls from two residents who said trees were about to fall on their houses.

One of those residents, at 44 Lowell St., had a large tree split in two with one half hanging over the home.

By evening that home owner had managed to get a private contractor to get to the tree and his home was out of danger, according to the lieutenant.

Hot stuff

Deputy Thomas Andrew of the fire department said the electric wires that go down have between 6,000 and 13,000 volts running through them. The fire department policy is to secure an area to take people out of danger, but not to pour water on the fire because it would only increase the chance of electrocution.

Deputy Andrew said the department received 39 calls in the 24-hour period between Monday and Tuesday morning.

Fire alarm

Debra and Donald Silberstein, of 28 Burton Farm Drive, had the fire department out to their house during the storm Monday.

"I had water coming through my lights," Ms. Silberstein said.

But she wasn't too concerned with the water damage Tuesday.

"I'll let my husband take care of it," Ms. Silberstein said.

Private damage

Two trees fell on houses, one on Chestnut Street and another on Hidden Road, according to the Department of Public Works.

The tree that fell on Chestnut Street took out the wires and a telephone pole before crashing into the yard and striking the home at 101 Chestnut St.

No one was injured, but the utility pole had a transformer on it and power was out in the area, including at town offices, Tuesday afternoon and evening while officials made repairs.

Canceled meetings

The power outage caused by the downed tree on Chestnut Street closed town offices Monday afternoon and canceled Tuesday-night meetings.

A meeting of the Central Business District Committee scheduled for 7:30 was canceled and will be rescheduled. A Conservation Commission meeting scheduled for 7:45 p.m. was postponed to Tuesday, Aug. 27, at 7:45 p.m.

Board of Selectmen interviews for three candidates seeking the open seat on the School Committee, scheduled for 7:30 p.m., was moved over to Memorial Hall Library.

Hurricane Bob hits streets, houses, wires

[Continued from page 28]

"We had four pages of downed tree limbs," he said.

The lieutenant said police did not attempt to prioritize calls, but responded to them as fast as possible.

"If there was a live wire, we would stay there," he said.

Haverhill Street was completely blocked and he saw at least two homes threatened by trees on Lowell Street.

The fire department reported that there were no structure fires or car accidents caused by the storm. In the cases where smoldering wires were laying on trees, the fire department does not spray water because it would only increase the chance of shock.

Little town damage

Town property escaped the worst of the storm, according to Mr. McQuade.

"We've lost some trees, but no structural damage to town property," Mr. McQuade said Tuesday.

"The only costs we've incurred to date is our overtime, really," Mr. McQuade said of the DPW. "We're looking at \$7,500 to \$8,500.

"The worst hit was probably Reservation Road. Bellevue Road got hit bad," he added.

Woburn Street was still closed Tuesday morning because of sparking wires but had been opened by Tuesday noon. Part of Chestnut Street, Reservation Road and Whispering Pines Drive were still closed Tuesday afternoon because of felled trees.

"The main thing was trees going into wires and knocking power out," Mr. McQuade said.

DPW crews worked with Mass. Electric crews until 10 p.m. Monday, clearing roads and taking trees off power lines. They were back at work at 5 a.m. Tuesday to continue the job.

A total of 6,000 homes were without power during the height of the storm, according to a Mass. Electric official, who said 2,618 homes were still without power at 3 p.m. Tuesday.

Mass. Electric had 226,800 customers across the state without power during the storm and nearly 100,000 were still without power Tuesday afternoon. In the Merrimack Valley,

120,600 Mass. Electric customers lost power and 81,000 were still out Tuesday.

Crews were brought in from as far away as Canada to work on restoring electricity, a Mass. Electric official said Tuesday, and the company hired a private firm just to handle phone calls for information about service.

Periodic road closings continued throughout Tuesday in Andover as crews attempted to clear trees.

Street flooding was a problem only during the storm itself and diminished as soon as the rains stopped, according to Mr. McQuade.

"We thought we were going to lose Lowell Street during the storm," he said.

The storm drains were backed up because of the amount of rain that came down in such a short period, but man-

aged to catch up with the flow when it stopped.

DPW employees were assisted by private contractors with damage control during the storm, according to Mr. McQuade.

"We did bring in a couple private contractors for tree removal," he said.

Crews were only doing what was immediately necessary regarding tree removal Tuesday, and will be go back to clean up debris during the next couple of weeks, according to Mr. McQuade.

"When we get caught up, then we'll have to go back," he said.

Landfill to open

The town landfill on Chandler Road will be open this Saturday from 8:30 a.m. to 4 p.m. so residents can dispose of felled trees and branches in what Town Manager Buzz Stapczynski said he hoped would be a "town wide cleanup."

"I'd encourage everybody to use Saturday to get their debris over there," Mr. Stapczynski said.

STORM TALK

8:30 Tuesday morning. Environmental police borrowed an intercom from an Andover police cruiser to warn people to leave the park.

First in, last out

The first storm damage noted in the police log was a branch down on Reservation Road. That road was still blocked by downed limbs and wires Tuesday afternoon.

No hot coffee

An 83-year-old Birch Road woman who has been a resident since 1935 called the *Townsmen* Tuesday evening to say she had been without power since 5 p.m. Monday and hadn't yet seen or heard a Massachusetts Electric truck in her area.

"Everybody is without power in the area," the woman said. "I think it's ridiculous."

She didn't want to give her name but said she was about to start throwing out the food in her refrigerator.

The woman said she hoped the power outage wouldn't be as bad as 1938 when she was without power for a couple of weeks. That time she had a gas stove and each morning put a flask of boiling water at every neighbors' doorstep "so they could have a cup of coffee."

To the shelter

At 2:22 Tuesday afternoon, an elderly Carmel Road couple was evacuated by police to the Andover High School where a shelter had been set up.

Town employees were managing the shelter along with volunteers

from the American Red Cross, who brought coffee, doughnuts and medical supplies.

Just three persons in all used the shelter before it was closed at about 6 p.m.

Singing in the rain

Buzz Stapczynski, town manager, was vacationing on Cape Cod when Hurricane Bob struck Monday. Mr. Stapczynski, his wife, two children and in-laws all evacuated their accommodations on the south side of Harwich and settled into a shelter set up in the Harwich Elementary School with 200 to 300 other Harwich residents and vacationers.

At one point a group of 12 or 13 young men who had been sitting in the library at the Harwich school left the building, explaining that they had to go "warm up." A short time later the gang returned, explained to the curious crowd that they were the Colgate College Glee Club, and proceeded to entertain the group with a cappella and barbershop quartet harmonies, singing appropriate songs such as "Down on the Boardwalk."

Mr. Stapczynski said that really showed the kind of spirit that was in the shelter.

Frozen food

Selectman Jerry Silverman of Duffon Road, whose wife, Myrna, was visiting family in California, had a golf date in Hudson, N.H., Tuesday, but he didn't dare go because his power was still out and he was getting ready to take the contents of his freezer to his sister-in-law's house.

Vinny Dolan tapes up the windows of Hometown Seafood on Barnard Street.

This tree at 66 Argilla Road came down during Monday's storm. The house belongs to Ray Ruggiero. The tree crash created two leaks. The tree was removed early Tuesday morning.

Here, we are grateful

Waiting in line the other day at a department store, feeling short-tempered because a clerk insists on seeing a major credit card in addition to the license you already gave her — this is the type of scene a resident of the Soviet Union must wish she could have to endure.

It is clear that many who know more than most Americans about Russia haven't trusted Mikhail S. Gorbachev, who was ousted by hardline Communists Monday.

Some say he made promises he never kept, even promises he never intended to keep. People in the Soviet Union used to stand in line for hours, but finally come up with bread or toilet paper.

Today, some say, a person in that vast country that is spread over several continents can stand in line for hours and never even be able to buy the needed goods.

Clearly things are not good in Russia. Today, there is bloodshed. The leadership of the country is uncertain. Even if Mr. Gorbachev intended to change his country for the better, obviously he couldn't do it fast enough to satisfy the population. Americans have wanted to have him stay in power because we have believed he was headed in the right direction. But that is that country, not this one.

Americans are dealing with problems, too: a shaky economy, a health system that doesn't work, an education system that produces many adults who can't read or write well, a growing population of older people and few plans of how to care for them, violence, diseases such as AIDS and cancer, and so on.

But one has only to read about the Soviet Union, or to listen to our friends and neighbors right here in Andover who have family and friends living back home in Russia, to know we have something Russia hasn't at this time.

We in this country may have to stand in line, but there is bread when we get there; often health care is expensive, but there are ways to appeal for help when we can't afford what we believe we need; and there are scores of people working to right other problems in this country.

Most of all, we have the right to speak out and protest without fear of reprisal.

Is *Final Exit* a chance to finally exit?

By Perry Colmore Catlin

If you want to read Derek Humphrey's *Final Exit*, don't look for it in Andover. Waldenbooks doesn't have it, the Andover Bookstore sold it out, and Memorial Hall Library hasn't yet decided if it's going to order it.

If you've been under a rock and haven't heard of the book, it's the explicit account of how to kill yourself, if you're so inclined. The author founded the Hemlock Society, the group that believes in and pushes an individual's right to die.

A spokesperson at Waldenbooks on Main Street says she can order the book. Bill Dalton, owner of the Andover Bookstore at Olde Andover Village, says he had one copy from the first printing and he sold it. He says a lot of bookstores didn't get any copies.

A second printing is due Aug. 25, Mr. Dalton tells us, and he expects 13 copies from that printing, although he already has seven or eight spoken for.

And, get this, the second printing has already sold out to bookstores. A third printing is scheduled for Sept. 25.

The publisher, Carroll Publishing, is a small, little-known publisher, says Mr. Dalton, and the first printing was small. But after the printing, the publisher contacted the *Wall Street Journal*, which ran a story.

The book took off.

So what's its appeal? Are people living longer, getting sick, and wanting to die when the going gets tough? No, Mr. Dalton guesses that people aren't using *Final Exit* to finally exit; people simply are fascinated with suicide, and death.

"I guess that by the third printing the interest in it will have died down," is what Mr. Dalton said.

Maybe he's right.

I can tell you about the death of my parents. They both died of cancer and both were in pain toward the end. At one time my mother told me the pain was so bad she hinted she wanted to be killed. When I finally got up the nerve to ask her if that's what she was saying, she thought for a minute and then said, "No, I guess I'm not quite that far gone yet."

My father asked his doctor to "do something" for him about three days before he died. That doctor ignored his question. To this day I am angry about that. At least he could have said, "I'm sorry Bish. I know you must be in a lot of pain. But I can't kill you." Or whatever.

I think the real point is that no one has to be in that much pain. And the theory and hope is that if the pain weren't that bad, a person

would be less inclined to kill him- or herself.

My son was at my father's side while the latter was dying. One day, about a week before my father died, my son phoned me from Baltimore where my father was at home, and said, "Mom, get down here. You won't believe what's happening."

I got there. What was happening was my father was openly loving and nurturing his children, wife, grandchildren and sister. He was telling us how much he loved us and how special we were. For several days his family stood around his bedside, in turns and in groups. We told stories and we remembered, with Dad's help, a lot of his 78 years, and ours, too. It was most moving.

I am sure a lot of people die and their loved ones never get the experience to interact as we did with my father. Of course, I am grateful he didn't clearly ask for assisted death. But he was in a very bad way for maybe two weeks. Who knows what he would have been asking for if he'd been that sick for a long time.

I think a lot of people, myself included, simply want the right to die with dignity and the chance to maintain control of their lives, while they are dying. I believe that most people wouldn't use the methods listed in *Final Exit*. But many people want to know they have options.

It is, after all, their life and their death. They, we, want to maintain as much control as possible.

LETTERS

Bikers want bike-foot tunnel

Editor, *Townsmen*:

Thank you for printing our letter about bicycling and walking safety last week. We would like to have the text of the petition printed also because it does contain a fresh idea worth discussing and promoting.

"Whereas, pedestrian and bicyclist crossing of Route 125 is virtually impossible during rush hour traffic periods and hazardous for most of the remaining time periods, and,

Whereas, it is difficult and dangerous for children to cross Route 125 at any time, and

Whereas, it is of benefit to all citizens, both young, old and in-between to walk and bicycle when going about their daily activities:

Therefore we do hereby petition the town of Andover to initiate whatever action is required to construct a pedestrian/bicyclist tunnel or other safe crossing of Route 125 at Salem Street.

We recognize that it will take action by the Commonwealth of Massachusetts to do this. However, it must be the town leaders who generate the interest and develop the momentum within the state government in order to make it happen. Specification

She likes the recycling ad, but . . .

Editor, *Townsmen*:

I would like to commend you on what a resourceful and clever idea the recycling section of classified is. I've also noticed that it has yet to be used.

I think there are very few people who could justify spending even a few dollars to advertise an item that could be thrown away for free. In addition, (some newspapers) allow for this "recycling" for free.

Perhaps the paper and the readers in town would both benefit from a "free recycling" column run once or twice a month, as space allows. This keeps people's costs down and allows a good idea to be put to work.

One undecided on bus fees

[Continued from page 1]
Salazar resigned last month to take a job in Florida.

The new committee member could be the swing vote to rescind the fees when the School Committee votes on the issue, Tuesday, Aug. 27.

Committee members Richard Hubbell and Susan Poore voted against the fees and Christopher Outwin and Susan Jenkins voted for the fees along with Mr. Salazar.

The five candidates who have spoken out against the fees are Debra Silberstein, 28 Burton Farm Drive; Joanne Marden, 10 Orchard St.; Cliff Scott, 11 High St.; Ray Scheer, 12 Copley Drive; and Ken Groper, 32 Farwood Drive.

Mr. Scott, Mr. Scheer and Mr. Groper were interviewed Tuesday night by four members of Board of Selectmen and Ms. Jenkins of the School Committee.

Ms. Silberstein, Ms. Marden and Ms. Lyman will be interviewed by both the selectmen and School Committee Monday, Aug. 26, at 6:30 p.m. in town offices.

Following the Monday interviews at 7:30 p.m., the selectmen and the School Committee will meet to choose a new School Committee member.

Gerald Silverman, selectmen chairman, said the first candidate to receive five votes in a roll-call vote of the two boards will be the new School Committee member.

Candidates
Mr. Scott, who helped the School Committee's recent

superintendent search, but never ran for or held public office, said his priorities are keeping as many teachers in the classrooms as possible. He favors cuts in the administrative and building expenses portion of the schools' budget.

"Teachers in the classroom are critical indicators of quality education," Mr. Scott said.

"You can have a lot of new books, but without instructors to teach you don't get all that you can out of the books," he said.

Mr. Scheer, who was involved in school board matters when he lived in New York and was a member of the Andover High School Parent Advisory Board, said he would approach local industries and colleges for resources to supplement classrooms in Andover. He said he would favor fees for extracurricular activities in the schools rather than cutting services in the classroom.

"I have no problem with extracurricular user fees.

Understanding Chiropractic

by Mark F. DeLorenzo, D.C.

COMPACTED DISCS

It is obvious to nearly everyone that cigarette smoking poses a significant health risk to the respiratory system of smokers. What may not be so obvious to smokers is that smoking can contribute to the condition known as "slipped disc". A more correct description of this condition is embodied in the term "herniated" disc, which describes a disc that ruptures. It has been learned that nicotine constricts blood vessels and limits blood to the discs, making them less resilient. As a result, these intervertebral shock absorbers are less able to withstand normal stresses and strains and are more susceptible to herniation. In most cases, correcting the imbalances that may lead to disc problems are significant enough without complicating them with the effects of smoking.

Many health problems may be related to sources that seem unconnected to the symptoms. Chiropractic stresses total health as we work to treat the causes not just the symptoms. For more information, call us at DELORENZO CHIROPRACTIC GROUP, 475-5042. We accept only those patients we sincerely feel we can help. Our office is located at 15 Central St.

P.S. As it is, discs lose their elasticity as a by-product of the aging process.

Andover town employees help a dedicated guy

By Don Staruk

A bunch of town employees got together last week and did a really nice thing.

They bought an electric wheelchair for Henry Wyatt, a town employee himself for 23 years before he retired due to a disability in 1989.

"They're trying to figure out how to run it," an official at the nursing home said Thursday.

Debbie Larson, his social worker, said that Mr. Wyatt was already maneuvering his few wheels around the hallway.

"Formerly he wasn't able to wheel himself at all," she said. "He loves to sit outside and his will make his mobility to do that much easier. I think it's terrific."

During a visit in February to the Haverhill Manor Nursing Home, in Methuen, where Mr. Wyatt now lives, Bruce Hale, plumbing, gas and sewer inspector for the town, and other friends of Mr. Wyatt happened to ask officials at the nursing home how he was doing financially. They "were shocked" at the answer, Mr. Hale said.

The state pension only allowed Mr. Wyatt \$30 a month for personal activities, and state officials were considering cutting that to \$45.

Although the nursing home organized many activities that would get residents out, for dinners or trips, Mr. Wyatt had not been able to take part because they cost extra money.

"Henry cannot do the things he would like to do because of low funds," one official wrote in response to their question.

They were also told that Mr. Wyatt had trouble getting around in his wheelchair and that, because of low funding, staff was often not available to take him outside when he wanted to go.

"Henry would benefit from an electric wheelchair. He would be more capable of transporting himself. Thus, increasing his independence and self esteem, which is very important," the official wrote.

Mr. Wyatt has no living family so Mr. Hale, Tony Torrisi, budget and finance director; Rod Smith, town accountant; and David Reilly, accountant for the schools, took it upon themselves to see if they could improve his situation.

After several months of fund raising, last Wednesday evening they held a 51st birthday party for Mr. Wyatt at the Andover Jade restaurant, where they presented him with, among other gifts, an \$1,800, slightly-used electric wheelchair.

"Every department in the town of Andover contributed," Mr. Hale said. Began work at library

Mr. Wyatt started working full-time at

Memorial Hall Library in 1966 doing mail room and custodial work.

He was named a library assistant in 1974 and in 1984 moved over to town offices where he became a clerk in central services, working mostly in the mail and copy room.

"He was a plugger," said Mr. Torrisi.

But Mr. Wyatt developed a problem with his balance, due to pressure on his spinal column. He had five operations but each time the problem got worse and each time he lost a

little bit more of his mobility. Finally, in 1989, after the last operation, he had so much trouble doing every-day functions he was forced to retire.

"He was falling quite a bit," Mr. Hale said. "The guy had a million

New England through a lens

Resident exhibits photos

Photographer Robert A. Dennis of 18 Orchard Crossing is exhibiting some of his work at the Main Street Art Gallery in Ogunquit, Maine, this summer.

The exhibit shows eight of Mr. Dennis' pictures of coastal scenery from the Kennebec-unkport area, where his family has a summer home, and images of several historic lighthouses.

The Main Street Art Gallery shows work by New England artists in several media, including painting, photography and sculpture.

A member of the Andovers Artists Guild, Mr. Dennis has won several awards for his photography, including first prize in the Maine Publicity Bureau's annual competition. He also received second and third prizes from the U.S. Lighthouse Society in San Francisco, Calif.

He has had exhibits at banks in Andover and Boston and at the Boston Public Library.

Despite his accolades, Mr. Dennis is not a full-time photographer. He is by day a portfolio manager at Massachusetts Financial Services in Boston, where he is a senior vice president for investments.

The camera is "an outlet for personal creativity and my way of expressing my awe, reverence and love for the special beauties of New England."

He says looking through the lens "has served to heighten my appreciation for this region... as I search for the best angle, the best light and the best moment to capture each scene - a search that I expect will never stop leading to rewarding scenic discoveries."

Mr. Dennis' work at the art gallery will be on display through October.

Robert Dennis' photograph of Pemaquid Point Lighthouse in Maine is among the eight pictures he is exhibiting at a Maine art gallery this summer. Lighthouses are a favorite subject of Mr. Dennis, who says photography makes him appreciate New England's beauty. The exhibit, at Main Street Art Gallery in Ogunquit, showcases some of his pictures of coastal scenery and several historic lighthouses.

Addison curator shows his photos too

Photos by the curator of photography at the Addison Gallery of American Art are part of an exhibition in Concord.

James Sheldon, a resident of Andover and instructor in art at Phillips Academy, is among four photographers featured in the exhibit, which is being sponsored by the Nature Company and the Wrubel Gallery, 15 Monument Square in Concord.

"Photographic Visions" offers the perspectives of Mr. Sheldon, David Akiba, Lauren Shaw and John Wawrzonek, four distinct views of the American landscape and human convergence with it.

Mr. Sheldon's interest and degree in visual studies has led him toward the communicative power of photography, video and film, all areas he professionally works in.

The photographs chosen for this exhibit shed a documentarian's light on the relationship between humans, nature and the landscape, said Damon Reed, director of the Wrubel Gallery.

Ms. Reed said they "evoke a lingering sense of irony and paradox, repetition and revelation."

The photo exhibit will run through Sunday, Sept. 8.

Antiques from China on display

An exhibition of articles brought back from China at the turn of the century is on view at the Stevens-Coolidge Place in North Andover.

The items were brought from China by U.S. diplomats Edwin Hume Conger and John Gardiner Coolidge.

In 1898 the Imperial Manchu Court allowed the United States to establish its first legation in Peking (which is now Beijing). Mr. Conger was the first minister and Mr. Coolidge, the first secretary.

Both men brought numerous articles back when they returned home. Last year Sarah Buchan Jewell, Mr. Conger's granddaughter, presented the Stevens-Coolidge Place with many Chinese textiles. Despite some water damage, magnificent exam-

ples of embroidery can be seen and symbols of rank can be identified on robes and banners.

Mr. Coolidge's extensive collection is also on display, including porcelains, Chinese pottery, works on paper and smaller objects.

The Stevens-Coolidge Place is a property of the Trustees of Reservations, which preserves properties of exceptional scenic, historic and ecological value in the state.

The exhibit will be open for viewing Sundays from 1 to 5 p.m.; Wednesdays, 2 to 4 p.m.; and by appointment until Oct. 27. Admission is \$3, which includes a

Lowell hosts banjo contest

The 12th annual banjo and fiddle contests will take place Saturday, Sept. 7, at Boarding House Park, 40 French St., Lowell.

Old-time banjo, fiddle and dulcimer workshops begin at 10 a.m. The banjo and fiddle contests continue from noon until 6 p.m.

"Banjo and fiddle players of all ages - experts and beginners, alike - look forward to gathering in Lowell each year," said Alex Demas, Lowell National Historical Park's music specialist. "The banjo and fiddle contests have gained a national reputation, but the thousands who attend each year see it as a down-home event."

Fiddle and banjo players compete for cash and trophies in a variety of categories. Fiddle styles include bluegrass, old

time, ethnic and twin fiddle. Banjo styles include bluegrass, old-time and twin banjo.

There is no entry fee, and contestants and accompanists will receive free T-shirts. Entry blanks are available at the National Park Visitor Center, 246 Market St., Lowell.

Due to the popularity of this event, contestants are asked to preregister. Registration begins at 11 a.m. at Boarding House Park.

The banjo and fiddle contests are sponsored by Lowell National Historical Park, the Lowell Historic Preservation Commission and the Regatta Festival Committee.

The public is invited to attend the day of traditional music free of charge. Boarding House Park is wheelchair accessible.

Park hosts day of fun and fishing

Evelyn Retelle of 6 Reservation Road, an employee of Salisbury State Park, is helping the park present its Family Fun Festival this weekend.

An animal show will be presented at the Salisbury State Park pavilion Friday, Aug. 23, at 7 p.m. Dave Taylor will talk about the animals and birds he is rehabilitating after injury for release into the wild. A raffle of toy animals will benefit the shelter.

A fishing derby will be held Saturday, Aug. 24. Anglers should meet at #4 parking lot from 8 a.m. to 3 p.m. A rod and reel will go to the catcher of the longest fish.

Family events will be held under the tent at the river from 1:30 to 4 p.m. Fish food samples, homemade ice cream, kite making and a sand sculpture contest will also be featured.

The festival is sponsored by the Department of Environmental Management Park Service and the park interpreters.

All events are free, but a \$5 parking fee will be collected at the tollgate.

River barge ends season

Lawrence Heritage State Park will hold its last Merrimack River excursion of the summer Sunday, Aug. 25, from 1 to 2 p.m.

The 15-passenger barge will leave from the docks of the Greater Lawrence Community Boating Program on Eaton Street in Lawrence. A member of the Lawrence Heritage State Park staff will provide narration on the natural and social history of the area.

The barge will travel up river towards Lowell and return to the boating facility. Reservations must be made by calling the Visitor Center at 794-1655. Prospective passengers should leave a name and phone number on the answering machine if the staff is unavailable.

The trip is free and accessible to the handicapped. The park is managed through the Department of Environmental Management.

Andover's young athletes participate in Bay State Games

By Rick Harrison

Steve Shepard and Sean Ryan led the way as Andover was well-represented by outstanding young athletes at the 10th annual Bay State Games, held recently at Harvard University and M.I.T. facilities in Cambridge.

Shepard, who will be a junior at Andover High next month, culminated his first year of track and field by capturing two medals at the Games.

Shepard, who begins varsity football practice (punter-running back) this evening, earned the first-place gold in the triple jump with a superb 44'2" leap. It was a personal best and more than two feet beyond the second place jump.

He also took a third-place bronze in the long jump with a 21'4" effort, and qualified in the 200 meter dash where his 23.4 clocking was good enough for sixth place.

Also competing in track and field from Andover were Jamie Damon (Andover High), Eric Demers (Central Catholic), Jon-Paul Cirusa (Central Catholic) and John Zembruski (Central Catholic).

Cirusa just missed a medal when he placed fourth in the shot put, uncorking a 43'3" toss that beat his previous best throw by two feet.

Cirusa, who enters his junior year at CCHS next month, was awarded a jacket presented to the top six finishers in each event.

Damon, a soon-to-be AHS senior, placed seventh in the 100-meter dash with an 11.3 clocking.

Demers also finished seventh overall in the triple jump, the Central Catholic senior leaping 39'11" which is well shy of his personal-best 41'6".

Ryan hot

Sean Ryan continued his summer basketball odyssey with a strong performance for the Northeast boys' scholastic team, which went 2-2 overall and earned the bronze medal by finishing third.

The victories came over silver medalist Central (also 2-2) and Coastal, and the losses were to Southeast (104-94) and Boston-area gold medal team Metro (89-86).

Ryan, playing guard and averaging double figures, led Northeast in both scoring and assists.

Ryan scored 20 points in one game, 18 in another and 17 in a third.

Ryan has been MVP of several summer hoop tournaments and has regularly scored between 25 and 50 points in most games.

Also playing on the Northeast team, which was reportedly one big man away from the gold medal, was William D'Agostino (Malden Catholic) who netted five points in the loss to Southeast.

Lacrosse, baseball

Brian Lane, who lives in Andover and attends St. Mark's School where he will be a senior, was a member of the gold medal winning Northeast Boys Scholastic lacrosse team.

Lane passed out one assist in the title game, a 15-8 Northeast romp over the

Andover resident Octavia Hollander participated on the soccer field at this year's Bay State Games as a member of the Central squad. She is a student at Lawrence Academy in Groton.

West Region Scholastics, and played well throughout the competition.

In the title game Northeast fell behind 2-0 and 3-2 early, then exploded for the victory. Lane set up the fifth Northeast goal by Kevin Dolan of Sudbury, who finished the contest with five goals.

Three members of Andover High's state Division 1 championship baseball team competed for the Northeast squad, coached by AHS skipper Dave Bettencourt.

The three were shortstop Bobby Sheehan, catcher Matt Daniels and pitcher Jim Hanning, all returning Andover High seniors.

The Northeast baseball team did not fare well in terms of wins and losses, but playing time was evenly distributed by coach Bettencourt.

Soccer

Playing on the Northeast girls' soccer team was Hilary Recesso, while Octavia Hollander (Lawrence Academy) competed on the Central squad.

Lindsay Sweeney (Andover High) was named to the Northeast team but was unable to compete because of a commitment in Oklahoma.

The Northeast team, coached by Andover High varsity skipper Dick Loschi, earned the bronze medal with a third place finish after going 2-1-1 with victories

over Coastal and Central, a 1-1 tie against Metro and a 2-1 semifinal loss to Southeast.

Recesso and Sweeney, both of whom will be juniors, have been members of two AHS girls' teams that won Merrimack Valley Conference championships and advanced to the Eastern Mass. Tournament North Sectional finals against Winchester. Recesso moved around but played mainly at forward in the Bay State Games.

Hollander, a junior at LA in Groton, has played soccer in Andover for 10 years as a member of the Spirits, an independent traveling team, the Andover Selects and at Pike School.

Andover residents on the Northeast boys' soccer squad were John Martin (Andover High), Minh Nguyen (Andover High) and David Wartman (Phillips Academy).

All three played outside halfback, while Nguyen also played some defense for the Northeast team that went 0-2-2. The ties were against Southeast (1-1) and Metro (2-2), the losses to West (3-0) and Central (1-0).

Martin will be a junior and Nguyen a senior at AHS this fall.

Volleyball

Matt Jennings, Chris Zappala and Kevin Murphy of Andover High were on the Northeast boys' volleyball team, with Zappala and Murphy also key players on the Andover High boys' varsity team that went 15-1 last spring before being upset in the opening round of the tournament by Cambridge Rindge & Latin.

The Northeast netmen finished fourth in the six-team Bay State volleyball field, reaching the semifinals before bowing to the No. 1 and 2 seeded squads.

Jennings, who swung between varsity and JV at AHS last spring, was used as a blocker and specialty hitter in the Games.

All three local volleyballers will be seniors this school year.

Rounding out the list of locals were ice hockey player Scott Halecki (Pingree School), diver Josh Lipman (Phillips Academy) and wrestler Eric Cofer (North Reading High).

Cofer seventh

Cofer, whose parents recently moved from North Reading to Orchard Crossing in Andover, finished seventh overall in the 135-pound division of the boys' scholastic wrestling.

Cofer, a 17-year-old who graduated from North Reading High last June and will attend Bryant College in Smithfield, R.I., won three matches by decision before bowing out in the fourth round.

The Bay State Games, dubbed Massachusetts own Olympic Sports Festival, encompassed 4,500 top amateur athletes competing in 15 sports and 600 separate events. The 4,500 were selected from among more than 11,000 who went through a month of tryouts and practices.

AHS football officially begins tonight

By Rick Harrison

One glance at the temperature gauge proves fall is not in the air yet, except on hundreds of high school football fields around the state where the unmistakable clatter of football pads and helmets colliding cuts through the heat and humidity of late-August evenings.

The Andover High football team will carry a seven-game win streak into the 1991 season, which begins officially at 5 p.m. today when an estimated 80 to 100 candidates will report for the Golden Warriors' first practice session.

Most other AHS fall sports teams, including boys' and girls' soccer, boys' and girls' cross country, golf, field hockey, girls' volleyball and girls' swimming, will hold their initial workout next Monday, Aug. 26.

Football equipment was issued yesterday and from 2-5 p.m. today, and tonight marks the first of three single-session, no-pads, light-contact practices. The gridders will work out again tomorrow evening at 5 and on Saturday morning at 8.

Double sessions will start next Monday and run from 8-11 a.m. and 5-8 p.m. daily.

Pre-season scrimmages are scheduled against Greater-Lowell Regional (Saturday, Aug. 31), Bedford (Wednesday, Sept. 4), Wellesley (Saturday, Sept. 7) and Reading High (Saturday, Sept. 14).

Opener vs. Methuen

Andover has plenty of time to prepare, because the season opener isn't until Friday night, Sept. 20 at 7:15 p.m. against Merrimack Valley Conference foe Methuen at Eugene V. Lovely Field.

All Friday night games throughout the league will have uniform 7:15 p.m. kickoffs this fall.

This will be the only game Andover plays in September, with the second contest not until Oct. 5 at Lawrence.

Massachusetts high school teams were allowed to add an 11th game this year, but Andover has retained a 10-game schedule although the Sept. 14 date with Reading was originally listed as the non-league regular season opener.

"Reading changed it to a scrimmage," explained AHS Head Coach Dick Collins. "They have a new coach and he didn't want to be put under the gun that quickly. I can understand his reasoning, although we had anticipated a great opening-night crowd because of the outstanding and longstanding rivalry between the two schools in track. It's a natural match-up, and maybe in the future we can get something going."

The Golden Warriors will play nine Merrimack Valley Conference opponents, and perpetuate the recently-rekindled rivalry with North Andover the Friday night before Thanksgiving (Nov. 22 at Lovely Field).

Central Catholic will again provide the opposition Thanksgiving morning, with this year's game at Veterans Stadium in Lawrence.

For the next two years Andover will not play Lowell.

"The way the league schedule is set up, every year there is one team we don't play," noted Collins. "It's always a blow not to play someone in the league, but Lowell is especially tough to lose. We've had some classic games over the years."

"Our kids look forward to playing at their (Cawley Memorial) stadium, and it's always a plum to play Lowell because of its football tradition."

Lowell teams coached by the legendary Ray Riddick won several state Class A titles in the 1950's and 60's, and played in four post-season

AHS girls' volleyball holds practice sessions

The Andover High School girls' volleyball team will hold double sessions practice beginning Monday, Aug. 26, at 8:30 a.m. until 11 a.m. and 2 p.m. to 4:30 p.m. Each practice will be held at the Andover High School Dunn Gym.

The team will have practice games against Alverne High (N.H.), Salem High (N.H.) and North Reading High.

Any Andover High School girl (grades 9-12) who has an updated physical for 1991 and had passing grades for last year is welcome to try out.

Seniors who graduated in 1991 helped the team to a 14-6 record, second place in the league and a state tourney team. Ayanna Littrean and Nicole Thompson were M.V.C. All-Stars. Other team members are Maureen Maginnis, Peggy Dugal, Christina Chuniyas, Nancy Troy and Brionna Phillips.

Returning players include M.V.C. All-Star hitter 90 percent Kerry Hagerty (junior); M.V.C. All-

Star server 95 percent Lea Conserva (senior); seniors Stephanie Kupa, top blocker at 71 percent, and team setters Meghan Mueller and Cara Conserva.

Lee Hendricks, Carrie Green, Sarah Schmuhl, Alexis Campbell, Julie Doherty, Julie Gediman, Joanna Moynihan, Stephanie Crane, Holly Magee, Melissa Minot, Erinne Sullivan and Sarah Tully are up from the junior varsity team which went 18-2.

The Andover High School girls' volleyball team qualified for the state tourney and finished in second place in the M.V.C. Large School Division for three years. The varsity team's record for three years is 44-16, while the junior varsity record is 52-8 for a combined record of 96 wins and 24 losses for a winning percentage of 77 percent.

Coaches Art Iworsley and George Sullivan, back from coaching the boys' team 15-1 record, will continue with the program.

Sisters place first

The sister team of Susan Donahue of Andover and Ruth Ann Donahue Holzappel of North Andover recently won first place in three separate Ladies' Invitational golf tournaments at Concord, Vesper and

Salem golf courses.

Mrs. Holzappel, a former state champion, posted individual rounds of 73, 74 and 76.

The sisters are members of Andover Country Club.

Warrior football officially begins tonight

(Continued from page 36)

games as far away as Alabama and Florida.

There is actually room on the schedule for Andover to play Lowell, but the 11th game was added by MIAA officials after the MVC schedule had been drawn up. Revising the schedule would have created too much of a hassle.

So Andover now has an open date the third weekend of the season, Sept. 27-28.

"We'd love to fill that void but it doesn't look like it will happen," admitted Collins.

Two coaches gone

Unfortunately the Golden Warriors have two fewer assistant football coaches this fall, the pair getting axed as part of a belt-tightening budget sweep that saw 13 assistant coaches receive pink slips.

Gone from the staff are defensive backfield coach Mark Ciccarelli and offensive backfield coach Peter Comeau, both outstanding young instructors and former high school standouts at Central Catholic and Andover respectively.

Comeau, a teacher at Sacred Heart School in Lawrence, will remain an assistant track coach in the Andover system and has hooked on as the junior varsity football coach in North Andover this fall.

Ciccarelli, a city of Lawrence police officer, may have had to step aside anyway to avoid conflicts with his primary job.

Assistant coaches returning this year include Justin DeMarco, Joe Iarrobino, Joe Celia, Glen Alsip and Peter Reilly. Ken Pellerin and Bill Hart will again direct the freshmen.

Last year MVC runner-up Andover start-

ed slowly (1-2-0), sandwiching a 14-6 win over Billerica between losses to Chelmsford (16-12) and league champ Tewksbury (31-6).

The Golden Warriors then reeled off seven straight wins over Lowell (21-6), Haverhill (20-10), Dracut (28-0), Lawrence (47-0), Methuen (15-8), North Andover (28-12) and Central Catholic (14-0) to finish 8-2-0.

It was the second straight 8-2-0 season for AHS, which is 40-18-1 overall since 1985.

Few starters back

The Warriors return 28 lettermen from last year's squad, but only two offensive starters and three defensive starters.

Senior two-way tackle Erik Greenstein, 6'4" and now tipping the scales at approximately 280 pounds, heads the small list of returning starters.

Senior Jim Landry is back at offensive halfback, along with senior linebacker Ryan Kelly and Dan Waitkevitch who alternated between noseguard and linebacker last season.

This year's captains are Greenstein, Kelly, Waitkevitch and Garrett Ferris, who rotated at tackle with Greenstein and Michigan recruit Joe Marinaro last year.

Marinaro heads the list of key graduates, a group that also includes Andy Carleton, Ryan Beal, Brett Hammond (UMass-Amherst), Dave Blank (South Florida), Matt Perry, Stefan Fodor, Chris Davis, Mark Avery, Mark Dodge, Will Lowry and Jeff Hurley.

Hammond scored a team-high 70 points and caught 55 passes for 554 yards. Blank scored 60 points and rushed for approximately 1,000 yards, and Perry threw for 1,167 yards and 11 touchdowns.

Town Grill advances to championship round

By Rick Harrison

Victories over the defending champion Salem, N.H. Black Sox and Andover-based Threads of Ireland advanced Town Grill to the championship round of the Greater-Lawrence/Lowell Men's Baseball League playoffs last weekend.

Grill eliminated Salem 1-0 in a must-win game for both teams, then handed Threads its first defeat of the playoffs 10-4 last Sunday at the North Andover Middle School field.

An earlier 6-4 loss to Threads had pushed Town Grill, a division champ and No. 2 seed entering the playoffs, to the brink of elimination.

TG (16-5 overall, 4-1 playoffs) and Threads (13-7, 3-1) have three more games scheduled to determine the 1991 champ, the first of which was played last night at Alumni Field in Lowell.

The rivals square off again Sunday night at Alumni (7 p.m.) and, if necessary, wrap things up next Wednesday at either Alumni or Andover High (site and time TBA).

Town Grill, 10-4

The Grill fell behind 4-2 in the third inning, but rallied for the victory by scoring four runs in the top of the fourth and four more in the seventh.

Righthander Dave Miles improved to 11-0 overall, tossing a four-hitter for his 10th complete-game of the summer. The former Central Catholic and current Merrimack College standout fanned eight and walked four.

TG grabbed a 2-0 lead against Threads' pitcher Steve Langlois in the top of the first when catalyst Chris Sapuppo walked, Cam Deery belted an RBI double, and Kevin Rourke dropped a perfect suicide squeeze bunt after Deery moved to third on a fielder's choice.

Threads of Ireland nicked Miles for a single run in the bottom of the first, then grabbed the lead

with three runs in the third.

Miles blanked Threads over the final four innings, and The Grill moved ahead for good with four runs in the fourth.

Pete Reming singled, Scott Deery walked, Joe Thibodeau and player-manager Ed Kruger lashed RBI singles, and Chris Sapuppo spanked a two-run double.

Protecting a slim 6-4 lead in the seventh, The Grill scored four more times when Bill Sarcione singled, Sapuppo singled, Cam Deery walked to load the bases, Miles helped himself with a two-run single to left field, and Rourke wrapped it up with a two-run double.

Sapuppo reached base four straight times and continued his sizzling hitting with 3-for-3, two RBI and three runs scored.

John Glynn also belted a second-inning double that didn't figure in the scoring.

Town Grill, 1-0

Earlier in the week Dave Miles won his 10th game, and kept TG in title contention, with a brilliant three-hit shutout that eliminated the defending league champion Black Sox from Salem, N.H.

Miles' fourth shutout of the season featured three strikeouts and just two walks.

He outduelled Salem righty Lee Truman, a curveball specialist, who was nearly as good with a matching three-hitter, two walks and two whiffs.

The Grill notched the game's only run in the third when Kevin Rourke singled to leftfield, Cam Deery and Pete Reming drew the only two walks off Truman, and Joe Thibodeau lofted a sacrifice fly to center.

Chris Sapuppo smacked the other two safeties for The Grill, both singles, and Cam Deery was a

college (Boston College) game sites. That was not our intention."

The new system will have a Large and Small School champion crowned in each Eastern Mass. Division, with a possible sixth division being added.

Several game sites have already been selected, based on size and accessibility, including Lowell, Haverhill, Quincy and Natick.

"There is no telling what shape the high school fields will be in at that time of year (early December)," admitted Collins. "That's the only drawback."

An in-depth profile of the 1991 Andover High team will be provided in a future issue of the *Townsmen*.

Ofria gives strong showing at Rogers golf tourney

Andover High golf captain Jim Ofria, preparing for his senior year with the Golden Warrior linksmen, led a very strong showing by residents of this town in the Junior Division of the recent Allan B. Rogers Golf Tournament.

Ofria won the title in the older division (15-17 years) of the annual tourney, held at Merrimack Valley Golf Club in Methuen, when he fired a sizzling even-par 70 to win by one stroke.

The tourney attracts the finest young players in the area and its champ is considered the top junior in the Merrimack Valley area for the year.

Ofria, who alternated between No. 1 and 2 with Sean Darwin on the AHS tournament team last fall and spring, edged John Melillo of Stafford Lane in Andover who carded a one-over 71 for second place.

This victory, along with a second place finish in the National PGA

Tournament last July, established Ofria as one of the players to beat in the Merrimack Valley Conference this fall.

Ofria wasn't the only Andover High player whose performance brought a smile to the face of veteran Coach Bob Lawson.

Jay Stella shot a 75 to finish among the leaders, with this effort following on the heels of a qualifying score at Bay Hill for the USGA Junior.

Greg LeBreck, a sophomore, fired a 77 while Indian Ridge Junior Club Champion Matt Harris and Dan Hinchey both registered 78.

Other strong finishes by Andover golfers were recorded by Brendan Sheehy, Dan Hansberry, Paul Bernardin and Chris Zappala.

Sheehy is also a top-notch hockey player, Hansberry excels at baseball, Bernardin is a tennis talent and Zappala a boys' volleyballer.

Sean Ryan plays well on b'ball court

Sean Ryan contributed another strong performance in the third University of Lowell Summer Basketball Tournament, which concluded recently with Andover placing third behind champion Lowell and runnerup Everett.

Ryan, tourney MVP in previous ULowell and Merrimack College events, was named to the All-Star team and finished as the high scorer with 131

points in four games (32.8 average).

Ryan pumped through 21 points as Andover slugged North Andover by 20 points, added 31 in a 15-point triumph over Malden, poured through 41 as Andover dropped a 76-71 semifinal round decision to Everett, and netted 38 including a bundle of free throws down the stretch as the locals pulled away in the final minute to beat Somerville 82-75 for third place.

Andover Blues are winners

Five-hit pitching and errorless defense keyed the Andover Blues to their third straight 16 & Under softball tournament championship, as they shut out Holliston MetroWest in the title game of the Fitchburg Invitational 6-0. Jessie Drench, pressed into extra duty on a thinned-out pitching staff, threw her third complete game win in two days, backed by top-notch fielding plays by Jill Cassie, Kristen Asquith, Lisa Mallett and Francesca Antifonario. Leadoff batter Leah MacLean reached base in nine of 12 plate appearances, six times on hits. Lindsey Sweeney delivered the bit blow in Andover's decisive second inning, a two-RBI single to right center.

The seven-team tournament featured tight defense. Andover committed only four errors in three games, while their opponents totaled just five miscues. Drench walked but three (one intentionally) in 21 innings, and Kate Silva's dependable catching was a key factor in the Blues' success.

After a first-round bye, Andover took its opener from the Stoughton South Shore Lazars 3-1. The

Blues began shakily, surrendering a run in the first frame on a hit batter, wild pitch, infield error and solid single up the middle. A strikeout and two flyballs, however, shut the door. Sweeney led off the Andover fourth with a double, moving to third on a single by Silva. An infield hit by Cassie loaded the bases. Jill Imbriano's fly to left was too shallow for Sweeney to score and Kate Batts lined out hard to second. With two outs and two strikes, Drench delivered a single to right, plating Sweeney and Silva. Andover added an insurance run in the fifth. MacLean led with a single. Asquith's sacrifice bunt advanced MacLean all the way to third. She scored on Sweeney's sacrifice fly. Drench allowed six hits, struck out two and walked two. She only threw 81 pitches.

The next day the Blues faced Uxbridge, jumping to a two-run lead in the first inning, adding two runs each in the third, fourth and sixth frames. Drench struggled in the sixth, when Uxbridge tallied twice on three hits, aided by an

defensive standout at third base.

The fielding play of the game, and perhaps the season, came from shortstop Reming with two Salem runners aboard and no one out in the second inning.

Reming ranged towards second base to stab a line drive, stepped on the bag for the second out, and gunned a throw to first to complete a rare triple play.

The Black Sox finished the season 11-9 overall. **Threads of Ireland, 6-4**

Town Grill had slipped into the loser's bracket after being beaten by eventual championship

round opponent Threads of Ireland.

Bill Morin was a one-man wrecking crew for the winners, pitching the victory and leading the offense with a two-run single and RBI triple.

Chris Sapuppo and Dave Dyjak paced Town Grill with 2-for-2 efforts at the plate.

Cam Deery again played well at third base in support of brother Scott Deery, who pitched well but took the loss.

Registration

Registrations for next year, both individual and team, are now being accepted by league official Ed Kruger.

Andover residents play waterpolo

Andover residents John Dwight, Paul Lisiak and Steve Peck and Kirk Lehneis of North Andover helped the Little Rhody Waterpolo Club place second in the Eastern Waterpolo League championships. All four played for the Phillips Academy varsity waterpolo team last year which took second place in the New England Prep School championships. Little Rhody is a club waterpolo team out of Providence, R.I., coached by Ed Reed, head coach for Brown University. The Eastern Waterpolo League includes university and club teams from Canada and the eastern United States.

Little Rhody went undefeated during the regular season. They dominated teams offensively and defensively until the championship tournament. The team traveled to Annapolis and Rockville, Md., to play against some of the best waterpolo teams on the East Coast and won every game in

two preliminary tournaments. In the first weekend, Dwight scored four goals and assisted three others. Peck aggressively attacked all players who tried to score and contributed to the offensive attack. He was PA's captain and Defensive Player of the Year last year.

During the second tournament, which was held in Rockville, goalie Lisiak tied the single game record with 16 saves. His overall play earned him a spot on the Eastern Waterpolo League All-Star team. He also broke the season save record for the league. Lisiak holds the single season save record for Phillips Academy with 146 saves. Last season he was named to the All New England Waterpolo team.

Lehneis scored four goals and assisted many others. The championship game was a show-down between Little Rhody and Hudson Valley Waterpolo of New

York. Little Rhody jumped to an early lead. Hudson Valley then began to fast break on the Little Rhody team and the score was tied at six goals a piece going into halftime. The rest of the game was very close with Lehneis and Peck scoring a goal a piece. Lisiak blocked many fast breaks and a penalty shot in the fourth quarter. Rhody was winning by two goals with a minute left to play when Hudson Valley Club tied the game with 15 seconds to play. The game went into overtime. Hudson Valley won 17-15 in double overtime to capture the Eastern Waterpolo title.

Lisiak and Lehneis will return to Phillips for their senior year along with Dwight who will be an 11th grader.

error and hit batter, but the Blues' cushion of runs saw them through.

The Blues scored in the opening inning in the final against Holliston and struck for four in a two-out, none-on rally in the second to earn a lead that they rode home for the title. With two down, Drench singled and Mallett reached on an error. MacLean walked to load the bases and Asquith singled home a run. Sweeney drove in two more with a single and Silva's basehit sent in one more. While the defense throttled Holliston, the Blues added a final, unearned run in the fourth. Drench completed the whitewash on just 70 pitches.

Andover's record now stands at 25-7 for the season. The trophy winners at Fitchburg include Vanessa Blank, Lauri D'Agostino, Bridget Finn and Becky Shola. The Blues are coached by Peter Drench, Pete Savard and Jimmy Cassie.

Here's help for job seekers

The First Presbyterian Church of Haverhill, 346 Broadway (one block south of Route 495, exit 50, Route 97) runs a support group for job seekers. The weekly meetings are held Wednesdays from 7 to 9 p.m.

Topics include skills assessment, resume development, networking, interview techniques and benefits information. For registration information, call 374-8029 between 9 a.m. and 5 p.m.

The group was started by Henry G. Dulin of North Andover, whose job as general manager for an electronics distribution company was eliminated.

Y accepts registrations

Andover/North Andover Branch of the Merrimack Valley YMCA is accepting registrations for the fall and late fall terms.

Full members may register for both terms, basic members for the fall term only. Non-member registration will begin Tuesday, Sept. 3, at 7 p.m. All classes begin the week of Sept. 9 with most classes meeting once a week for eight weeks.

Marisa Mersereau, senior program director, says, "The YMCA is offering many programs for preschoolers and youth in the areas of swim-

ming, gymnastics, sports and special interests. The YMCA's mission is to put Christian principles into practice through programs that build a healthy mind, body and spirit for all. All classes are taught with this philosophy in mind. Instructors strive to develop each child to their full potential."

Fitness, instructional and enrichment courses are offered for school-age youth, teens and adults as well. For further information about these or other courses, contact the Andover/North Andover Branch YMCA, 165 Haverhill St., 685-3541.

Keep up with all the action! Read the *Townsmen* sports pages.

Yokohama Japanese Steak House

The Yokohama Japanese Steak House offers authentic Japanese and Korean food in an interesting, informal atmosphere. The diner may choose from two types of seating arrangements. The chef cooks at the table, where he entertains the customers while demonstrating his expertise at food preparation, at the Teppanyaki tables in both the main dining room and in the Teppanyaki Room. There are also the usual tables in the main dining room.

The menu consists of an extensive variety of Oriental dishes. Appetizers include sushi and sashimi, as well as

soups and other delights. Beef, poultry or seafood entrees may be ordered or six different combinations of the three. The food is artistically presented. Special moderately priced luncheon and children's menus are available. Domestic, Japanese and other imported wines and beer are served.

It is not necessary to go into Boston for authentic Japanese and Korean cuisine since this interesting restaurant opened in Lawrence. Manager Jun Jin Won is assisted by a sushi chef, teppanyaki chefs and a kitchen chef who are all dedicated to bringing the customers the finest Japanese and Korean foods

available. All fish served at the Yokohama Japanese Steak House are caught the day before preparation to insure maximum freshness.

The entire menu is available for takeout. Reservations are recommended for the Teppanyaki Room.

Yokohama Japanese Steak House is located at 311-313 South Broadway (Route 28), Lawrence. Hours are Monday 5 to 10; Tuesday, Wednesday and Thursday 11:30 to 3 and 5 to 10; Friday and Saturday 11:30 to 3 and 5 to 11; and Sunday 1 to 9. Telephone: (508) 689-4047.

LEGAL NOTICES

COMMONWEALTH OF MASSACHUSETTS THE TRIAL COURT THE PROBATE AND FAMILY COURT Essex Division Docket No. 91P1811-E1 Estate of John A. Lamprey late of Andover in the County of Essex

NOTICE

A petition has been presented in the above-captioned matter praying that a certain instrument be probated purporting to be the last will of said deceased, by Mary A. Lamprey, named in said will as Mary Arlene Lamprey of Andover in the County of Essex and Fiduciary Trust Company of Boston in the County of Suffolk, praying that they be appointed executors, thereof, without giving a surety on their bonds.

If you desire to object to the allowance of said petition, you or your attorney should file a written appearance in said Court at Salem on or before 10:00 in the forenoon on September 16, 1991.

In addition you should file a written statement of objections to the petition, giving specific grounds therefore, within thirty (30) days after the return day for such other time as the Court, on motion with notice to the petitioner, may allow in accordance with Probate Rule 16.

Witness, Thaddeus Bucko Esquire, First Justice of said Court at Salem, the twelfth day of August in the year of our Lord one thousand nine hundred and ninety-one

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain Mortgage and Security Agreement (the "Mortgage") given by William H. Walsh, Thomas Moranian and Mohammad A. Chaudry, Trustees of M.T.M. II Trust under Declaration of Trust dated August 11, 1986 and recorded with Essex County Northern District Registry of Deeds Book 2271, Page 104 (the "Trust") to Eliot Savings Bank, said Mortgage being dated March 26, 1987 and recorded with said Deeds Book 2455 Page 001, of which Mortgage the undersigned is the present holder by virtue of an Assignment of Mortgage, and by authority of the decree of the Land Court in Case No. 142615, for breach of the conditions of said Mortgage, and for the purpose of foreclosing the same, there shall be sold at Public Auction at 11:00 am, on the 13th day of September, 1991, at 12 Railroad Street a/k/a 22 Railroad Street Andover, Massachusetts, those portions of the mortgaged premises now known as and numbered Condominium Units 102, 103, 109, 110, 113, 204, 209, 211, 212, 214, 215, 304, 306, 308, 309, 311, 313, 402, 403, 404, 405, 406, 407, 408, 409, 411, 413, 507 and 514 (the "Units") in the Andover Condominium, 12 Railroad Street a/k/a 22 Railroad Street, Andover, Massachusetts, created by Master Deed dated May 25, 1988 and recorded with said Deeds Book 2735 Page 173 (the "Master Deed"), together with the undivided interest in the common areas and facilities of the Condominium attributable to the Units as set forth in the Master Deed, which Units are a portion of the premises described in the Mortgage.

The mortgaged premises originally consisted of a certain parcel of land with the buildings thereon described in the Mortgage as follows:

The land in and buildings in Andover, Essex County Massachusetts, more particularly described as follows:
Lot 1 on a "Plan of Land in Andover, Mass., Prepared for A & M Realty Trust, Scale 1" = 20", November 4, 1980, Nyston Engineering & Associates, 349 North Main Street, Andover, Mass." Lot 1 as shown on said plan consisting of 82,506 square feet. Also see Plans 6310 and 4584. Said plan is recorded at said Registry as Plan No. 8550, said lots being further bounded and described as follows:

Commencing at a T-point (as shown on Plan #5043 recorded with Essex North Registry of Deeds) at the corner of Essex Street and the southwest corner of Railroad Street adjacent to a concrete retaining wall and proceeding along land formerly of the George B. Westhaver Trust, North 13 degrees 12' 04" East one hundred ninety-five and seventy-eight hundredths (195.78) feet to a T-point on the Westerly sideline of Railroad Street, thence turning and running along the Westerly sideline of Railroad Street on a course North one degree 30' 30" East Seventy-Seven and Fifty-two hundredths (77.52) feet and continuing the same course Fifteen and Ninety-one hundredths (15.91) feet and continuing the same course across an easement containing sewer and water lines fifteen and one-hundredth (15.01) feet to the POINT OF BEGINNING which is marked by a T-point, same point is approximately sixty (60.0) feet from the southwest corner of the old Boston and Maine Railroad Freight House and is also approximately thirty-seven (37.0) feet southwest from a New England Electric System utility pole on the opposite eastern boundary of Railroad Street near where the sidetracks of the Boston and Maine Railroad cross Railroad Street.

FROM THE POINT OF BEGINNING thence by land of the Boston and Maine Railroad on two (2) courses as follows: North 20 degrees 7' 50" West along the westerly sidetrack of the Railroad two hundred forty-seven and fifty-nine hundredths (247.59) feet to a point marked by a steel "T"-Point; thence running by remaining land of the Railroad North 5 degrees 41' 30" West thirty-one and no hundredths (31.0) feet to a point adjacent to a concrete retaining wall thence turning westerly and running by land of the Grantors South 85 degrees 49' 20" West fifty-seven and twelve hundredths (57.12) feet to an iron pipe near a large oak tree; thence turning North 4 degrees 10' 40" West one hundred forty-nine (149.0) feet to a point being the center of a twenty-eight (28.0) inch oak tree; thence turning southwesterly by land of J. J. Devine, Inc. approximately two hundred ninety-six (296) feet more or less to the north of Baker Lane, as shown on a "Complined Plan of land in Andover, Mass. owned by William J. and Mary Snyder dated July, 1964, Stowers Associates, Reg. Land Surveyors, Scale 1" = 40"; and recorded with Essex North Registry of Deeds as Plan #5149; thence turning and running northeasterly by land of Mary J. Snyder sixty-one (61) feet more or less, or as shown as lot "B-1" on land of the George B. Westhaver Trust; thence turning and running South 7 degrees 18' 49" East fifty-three (53.0) feet by the same land of Mary J. Snyder; thence running South 33 degrees 33' 17" East sixty (60.0) feet to land of Alexander and Dorothy McGibbon; turning and running along land of said McGibbon South

15 degrees 59' 25" East for forty-six and thirty hundredths (46.30) feet; thence turning South 61 degrees 48' 46" West for eleven and sixty hundredths (11.60) feet, thence turning South 16 degrees 16' 39" East for fifty-three and thirty-five hundredths (53.35) feet to land remaining to the Grantors; thence turning North 89 degrees 58' 05" East two hundred forty-seven and forty-eight hundredths (247.48) feet to the POINT OF BEGINNING on the westerly side of Railroad Street.

NORTHERLY by land of owners unknown, fifty-three and 18/100 (53.18) feet.
EASTERLY by land believed to be of Massachusetts Bay Transportation Authority, One Hundred Sixty and No/100 (160.00) feet, more or less SOUTHERLY by other land of the within grantee, Fifty-seven and 1/2/100 (57.12) feet, more or less, and
WESTERLY by other land of the within grantee, One Hundred Forty Nine and No/100 (149.00) feet, more or less.

Together with all easements which benefit said parcel specifically with the benefit of an easement for access to Railroad Street, as may by necessity be needed over the land of the Grantor, dated December 27, 1972 and recorded in Essex North District Registry of Deeds in Book 1215, Page 622; and with the benefit of an easement from Massachusetts Bay Transportation Authority for installation, maintenance, operation, repair, renewal and replacement of a utility main through and under a strip of land of the Grantor's railroad right of way at or near Railroad Street in the Town of Andover Essex County, Massachusetts.

The Units comprise a portion of the premises conveyed to the Trust by deed of Anastasio Kalogianis, Trustee of A&M Trust, which deed is recorded with said Deeds in Book 2271, Page 109.

Subsequent to the recording of the Mortgage, the mortgaged premises were submitted to the provisions of Massachusetts General Laws, Chapter 183A, as amended, by the recording of the Master Deed which created seven condominium units. Soon after the recording of the Master Deed, Eliot Savings Bank executed a Subordination of Mortgage to Condominium, which Subordination is dated June 22, 1988 and recorded with said Deeds Book 2786 Page 001.

Eliot Savings Bank has released from the Mortgage the following forty-one Units:

Units 101, 104, 105, 107, 111, 114, 115, 201, 202, 203, 205, 206, 207, 208, 210, 213, 301, 302, 303, 305, 307, 310, 312, 314, 315, 401, 410, 412, 414, 415, 501, 502, 503, 504, 505, 508, 510, 511, 512, 513, and 515.

The only premises to be sold at this sale are Condominium Units 102, 103, 109, 110, 113, 204, 209, 211, 212, 214, 215, 304, 306, 308, 309, 311, 313, 402, 403, 404, 405, 406, 407, 408, 409, 411, 413, 507 and 514 described herein as the "Units."

There is also included in the sale all fixtures, machinery and equipment located in the Units to the extent the same are part of the realty.

The Units will be sold subject to and/or with the benefit of any and all easements, agreements and any other matters of record which have priority over the Mortgage being foreclosed, if any there be.

The Units will be sold subject to the provisions of the Master Deed of the Andover Condominium dated May 25, 1988 and recorded with said Deeds on May 26, 1988, Book 2735, Page 173, as amended, the terms and provisions of the Declaration of Trust of the Andover Condominium Trust dated May 25, 1988, recorded with said Deeds on May 26, 1988, Book 2735, Page 190, and to the provisions of Massachusetts General Laws Chapter 183A, as amended.

The Units will be sold subject to any unpaid real estate taxes, municipal or other public liens or taxes, water and sewer assessments, and tax title takings, if any there be, which take precedence over the Mortgage above described. The Units will also be sold subject to all tenancies or occupation by persons on the premises now and at the time of said auction, which tenancies or occupation are subject to said Mortgage and to all rights or claims in personal property now located in the Units belonging to said tenants or occupants, and also to all laws and ordinances including but not limited to, all building and zoning laws and ordinances.

UNITS 102, 103, 109, 110, 113, 204, 209, 211, 212, 214, 215, 304, 306, 308, 309, 311, 313, 402, 403, 404, 405, 406, 407, 408, 409, 411, 413, 507 and 514 WILL BE OFFERED FOR SALE, AS A PACKAGE ON THAT PORTION OF THE MORTGAGED PREMISES AT 12 RAILROAD STREET A/K/A 22 RAILROAD STREET, ANDOVER, MASSACHUSETTS, IMMEDIATELY OUTSIDE THE MAIN ENTRANCE TO THE BUILDING ON SEPTEMBER 13th, 1991, AT 11:00 O'CLOCK, AM.

TERMS OF SALE: The highest bidder for the Units shall be required to deposit One Hundred Thousand (\$100,000.00) in cash, or by cashier's, bank treasurer's, or certified check at the time and place of sale. Such deposit shall be shown to the auctioneer prior to the commencement of bidding in order for a person to be entitled to bid.

The balance of the purchase price shall be paid thirty (30) days after the auction sale (or if that date falls on a day when said Registry of Deeds is not open for business, then on the next business day following said thirtieth (30th) day when said Registry of Deeds is so open). Said balance of the purchase price shall be deposited in escrow with the attorneys for Warren Five Cents Savings Bank and Lowell Five Cents Savings Bank, Joint Mortgagees pending approval of said sale by the Land Court. The Unit Deed for the Units shall be transferred within ten (10) days following the date of approval of said sale by the Land Court, said approval being the only condition of the escrow.

The highest bidder for the Units shall be required to sign a Memorandum of Sale containing the above terms and any other terms announced at the auction sale. The deposit paid at the time of the auction sale shall be forfeited if the highest bidder does not comply strictly with the terms of the Memorandum of Sale.

President Victor Silva

SCS (Silva Cleaning Service)

SCS President Victor Silva values professionalism in the residential cleaning business and provides personalized service to the consumer. SCS delivers quality service custom tailored to the clients' needs.

The home, furnishings and valued possessions are safe in the hands of SCS's well trained employees, who receive two weeks' training and have a supervisor monitoring the work. A company van provides transportation for the cleaners to ensure that they are on schedule. Each home is assigned one cleaner who, with the approval of the owner, will service the customer as long as that employee is with the company.

SCS is dedicated to meeting the clients' specifications concerning how and when the home is cleaned. They are responsible and thorough. All supplies are environmentally safe and provided by the company, unless the owner wishes otherwise. They will do special tasks for their regular customers. This is a full service cleaning company.

A SCS representative will go to the customer's home for a consultation. They will send a booklet describing their organization at your request. Their services can be a one-time cleaning or on a regular scheduled basis. The very affordable rate is a minimum of \$36 for three hours. They will take the responsibility for

maintaining the home to allow the customer time to pursue other interests. The client chooses the times and tasks to be done and SCS does the rest.

SCS offers security for the customers who are not home when the cleaners arrive. They are fully insured and bonded and are members of Business Service Contractors Association, International. SCS is also one of the leading industrial janitorial companies. They do carpet, upholstery and drapery cleaning, as well as having a special crew for windows.

SCS's modern 5,000-square-foot facility is located at 687 Lowell St. (Route 110), Methuen. Phone: (508) 689-3266. Rosemary C. Bernal

Recycle

DO YOU HAVE an item or items that you no longer need, but that would be useful to someone else, something you'd be willing to give away if someone would come get it? For instance: boxes, storm windows, a child's bicycle, cardboard boxes, an old set of dishes.

For only \$4.75 for the first 20 words and 10 cents each additional word, you can list your recyclable item in the Townsman's newest classified section: RECYCLE

It's a way to clean up your place while acknowledging the world is running out of landfill space

Novenas

HOLY SPIRIT, you who solve all problems and light all roads so that I can attain my goals, please give me the divine gift to forgive and forget all evil against me. In all instances of my life, you are with me. I pray an assured prayer to thank you for all things and to confirm that I never want to be separated from you in spite of all material illusions. I wish to be with you in eternal glory. Thank you for your mercy toward me and mine. The person must say this prayer for 3 consecutive days. After 3 days, the favor requested will be granted. This prayer must be published immediately after the prayer is answered. Thank you, St. Jude.

Town officials and employees gathered last week for a birthday party at Andover Jade for former town employee Henry Wyatt. They presented him with a new wheelchair.

sick days and he wouldn't take it out. Talk about a dedicated employee.

"The worst part about it is his mind's all there," Mr. Hale said. "He has a great attitude."

Luckily for Mr. Wyatt, a bunch of pals in Andover didn't forget him.

"He's a hell of a nice kid," said Sam DeSalvo, building inspector.

Fund raisers

One fund-raiser for the purchase of the wheelchair that produced good results was a golf tournament held at the Rolling Green Par Three on Lowell Street.

Steve Duffy, operator of the golf course, helped organize the event and gave breaks on the fees to maximize the proceeds, according to Mr. Hale.

The proceeds from that tournament,

along with other funding, made it possible to buy the wheelchair and have a "few dollars" extra that Mr. Wyatt will be able to spend each month during the year.

"The money is to get him out of the building," Mr. Hale said.

But it cost \$30, after state subsidies, just for a round-trip ride on the Wee-bus to get Mr. Wyatt to the Andover Jade for his birthday party.

Laura Hill, in the planning department, Mr. Smith and Judy Melanson, of community services, are organizing future fund-raisers to help Mr. Wyatt.

"The financial situation is not going to go away. If anything, it's going to get worse," Mr. Hale said.

Anyone wishing to contribute can contact Mr. Hale in the building department.

One candidate undecided on fees

(Continued from page 32)

When I was on the track team in school we had to pay for our own shorts, shirts and running shoes and if there were problems with the transportation we'd all have to chip in to get the bus to meet," he said.

Mr. Groper, who made an unsuccessful bid for the School Committee in 1982 and who was a member of the town's school building committee 10 years ago and more recently a member of the Andover Endowment for the Arts, said he would listen to constituents when voting on funding priorities.

"By not voting to override (Proposition 2 1/2) the town gave the School Committee an answer as to what it was willing to fund. If they don't want busing then something else has to give," he said.

Ms. Lyman, who was the schools' and town's personnel director for five years, said she supports keeping as many teachers in the classroom as possible. Her next priority would be to fund support-personnel, such as instruction assistants. Ms. Lyman said she'd consider fees on extracurricular activities.

Ms. Silberstein, who ran unsuccess-

fully for School Committee two years ago, said her priority is to keep services in the classroom. Next on her list is restoring art at the elementary schools, foreign language to the seventh-grade, adding guidance counselors at the high school and providing more staff development.

Ms. Marden's priority is maintaining direct services for students in the classroom. She believes there will be enough money to restore free transportation, which is another of her funding priorities.

KITCHEN MODERNIZATION

Special Section

ANDOVER TOWNSMAN

August 15, 1991

The kitchen makes a fashion statement

The economy may not be in the pink, but the kitchen is. And so is the bathroom.

If the exhibits by more than 500 manufacturers at the recent Kitchen and Bath Industry Show (K/BIS) are any indication, the color pink will play at least a supporting role in kitchens and bathrooms for some time to come. Every shade of pink, from the palest blush to the richest coral, was shown on every imaginable surface at the annual, three-day trade event, held recently in Dallas.

"No doubt about it, the kitchen is a fashion statement," says Paul L. Kelley, vice president, industry relations/marketing for the National Kitchen and Bath Association (NKBA), which sponsors the industry-wide show. "And, it should be designed around the needs and lifestyles of the people who use it. The kitchen is still referred to as 'the heart of the home,' but now it looks less like a laboratory. It stops being strictly a working environment and starts being a living environment. The kitchen needs to look and feel like a socializing space that's been enhanced with architectural details, good lighting, and an interesting and eclectic combination of color and materials."

Designwise, that translates into a greater use of furniture and fabrics and the acceptance of a wider variety of color, texture and materials for the kitchen and bathroom of tomorrow.

"Functional dependability is no longer the last word in appliances.

High-end products with streamline styling and built-in looks have made the transatlantic trip from Europe, resulting in some innovative appliance design from U.S.-based manufacturers," said Mr. Kelley.

There's a wider number of options and configurations offered for the bathroom as well, including an array of separate tub and shower units, from compact, corner units, designed to be used where space is at a premium, to huge shower rooms large enough to include multiple showerheads and built-in seats. Countertops and a shower surround can also be fabricated from one of the many solid surfacing materials that cleverly simulate marble and granite. Today's homeowners will find plenty of hardware and accessories to match, making it easier than ever to create a totally coordinated look.

Don't forget the "creature comforts" when shopping for the bath. Today's bathrooms often include items such as a fiberglass bath or whirlpool tub with a tough, non-porous, foam-cushioned interior. Or floor warming systems that can be installed under tile, stone or wood to provide year-round warm floors. Shower stalls, separate from the tub, offer temperature-controlled water as well as foot whirlpools.

Last, but never least, those tiny, trim details offer plenty of opportunity to personalize the kitchen and bathroom. Choose handpainted ceramic tile for a backsplash or tub surround. Find a classical, mosaic tile pattern for the floors. It's all available.

This desk, complete with a collection of cookbooks, is handy in Maria Moskos' kitchen.

Photos by Matthew Sapienza

Maria's kitchen . . .

Complete with Queen Anne's lace in antique bottles, Maria Moskos' kitchen is a room where a person wouldn't mind spending the day.

This is a kitchen that means business

By Helen Ubinas

With a personalized approach, and an inventive flair, Maria Moskos created the kitchen she always wanted.

After living in a Victorian house for 14 years with a "warm, but dark" kitchen, Ms. Moskos spared no details when it came time to plan her new abode in Andover.

The house was built 10 years ago by her husband, Peter. He worked on the house after work, on weekends, holidays and any other time he could spare. He's a civil engineer, but was able to build the house after watching and helping friends who built homes.

Despite his enormous task, Ms. Moskos took charge of the kitchen. She envisioned making it informal and functional, and never stopped planning until she reached her goal.

Research took two years, but Ms. Moskos believed it was worthwhile because her kitchen is her business. She is a caterer, who periodically teaches cooking classes, frequently entertains at home and writes the cooking column for the *Townsmen*.

Ms. Moskos read magazines,

went to the library, spoke with people and visited many kitchen centers until she was sure of the kitchen she wanted to build.

Originally, she wanted the kitchen in the back of the house, but in order to conserve heat, she and her husband decided it would be better to build it in the front. Because the kitchen is surrounded by windows, privacy was a concern, but Ms. Moskos said her family quickly got used to neighbors walking by and waving.

Windows surround the eating area, so sunset dinners are one of the advantages Ms. Moskos enjoys.

At first glance, the kitchen looks like a sun room. Every inch of the solar heated kitchen is filled with sun light during the day. Quarry tiles absorb heat during the day and keep the kitchen warm at night.

The kitchen is adorned with an eating area, a counter with stools, and an island for food preparation.

The island has a marble top and is furnished with many drawers for things she needs on a daily basis. One slide-out drawer is specially designed to hold pasta flour, cake flour and whole-wheat flour, which she uses often.

Made for entertainment

Ms. Moskos thought about the negative aspects of her old kitchen and set out to improve the new one while she had the chance. Her goal was to center her kitchen around entertainment, while adding the necessary details to make it functional.

The sink is located in the far right hand side of the kitchen, so visitors enjoying one of her home cooked meals don't have to look at dirty dishes.

"I hate seeing dirty dishes," she said.

There are also only two small entrances into the kitchen, so she doesn't have to worry about guests watching her prepare dinner in a frenzy, while they walk by.

"The kitchen is very accessible, yet it's not open to other rooms, so odors can't sneak out," she said.

No detail was too small for Ms. Moskos. Every appliance, cabinet and counter was placed in specific areas to follow her plan of easy access and convenience. A counter placed in the middle is for guests who like to talk to the cook while she's preparing meals. Ms. Moskos said sometimes guests like to be participants in the preparation, so the counter gives them that chance.

They can either be an active participant and help prepare the food, or a passive participant and just talk with the cook.

Custom-made stools matching the kitchen color scheme are placed in front of the counter so the guests can sit comfortably.

A cabinet especially designed for Mr. Moskos is located over the counter, but away from the preparation area. The cabinet is filled with different types of liquor, so that he can prepare drinks for guests without interrupting his wife.

One of her major complaints is being interrupted while working in the kitchen, so Ms. Moskos believed giving the area to her husband would take care of the problem.

Utilizing every space in the kitchen extended far beyond the cabinet and the counter. The spice rack, which is located near her stove, is filled with all the ingredients she needs. Unlike many other kitchen cabinets, it has very narrow shelves, so she doesn't have to go searching for the garlic or the salt. Instead, she can see all her spices at a glance.

Out in the open

(Continued on page 5A)

Photos by Matthew Sapienza

At this special stove, Maria Moskos can feed many people at once, including pancakes for her family, a breakfast she likes to prepare on weekends.

Sometimes, Maria Moskos' guests like to help her prepare meals, other times they like to sit and chat while the cook makes the meal. These stools and counter space make that possible

Together, they planned a custom kitchen

[Continued from page 4A]

A walk-in pantry is another convenience the kitchen sports. At first, Ms. Moskos thought she would constantly use the door she had installed for the pantry because she thought it would look messy. After some time, however, she said she realized the open pantry looked good. Inside are groceries, numerous baskets, cheese trays and other supplies she uses when preparing dishes and meals for various engagements.

"Everything is in view," she said. "I don't have to hunt around for anything."

Two side nooks are located on either side of the kitchen. One is designed to be a smaller pantry where guests can freshen up their drinks. The other holds various types of glassware. Inside this cabinet, a sheet with diagrams of the cups is attached to the cabinet to instruct helpful guests.

"When I ask someone to get a certain type of cup, they know which one I'm talking about," she said.

Besides utilizing space, Ms. Moskos also obtained certain extras that aren't normally seen in the every-day kitchen.

The Mexican sink has a pull-out faucet that helps in washing the long trays she often uses for her edible creations. Her commercial stove, purchased from a restaurant supply house in Boston, can handle any job that a restaurant can. It has two large ovens and French plates that make it possible for her to set large pans across the stove.

One of the advantages of the

stove Ms. Moskos especially enjoys is being able to prepare pancakes for the whole family. Ms. Moskos said meal times are very important to her, so the stove's capabilities made it possible for her to prepare special meals for the whole family. In the past, she said she could only prepare a small number of pancakes at a time. Now, no one has to wait for pancakes or whatever she decides to surprise her family with at meal times.

"I've fed 10-12 people breakfast," she said.

Other fringe benefits in her kitchen include track lighting. Spot lighting surrounds the kitchen, enabling Ms. Moskos to gain extra visibility in any section of the kitchen.

Then, there's her sub-zero refrigerator. It's bigger than the usual refrigerators and holds the many things she needs for her business and lifestyle. Her freezer is located in the garage, so anything that needs to be frozen is quickly transferred there.

Besides special utilities, cabinets

Research took two years, but Maria Moskos believed it was worthwhile because her kitchen is her business.

If she is inside cooking and feeling sorry that she's missing the outdoors, all Maria Moskos has to do is glance out the window at her sink.

and drawers, Ms. Moskos also created a personalized kitchen. Adorning the walls are paintings from islands she has visited during vacations. One painting she obtained from Jamaica pictures villagers gathering food. The bright oranges and reds burst out and complement her white kitchen. Ms. Moskos said she hangs these paintings in her kitchen because she is a big fan of folk art and she also believes the colors make the white kitchen seem warm, rather than sterile.

"I didn't want the kitchen to look cold and sterile like an operating room," she said.

Color coordination is an important part of decorating for Ms. Moskos. She uses matching placemats on her table that include the same colors as the paintings. The fish placemats that recently decorated her table for an informal meeting included splashes of yellow, orange and red.

She often changes the color scheme to show her change of mood or style.

Napkin holders give Ms. Moskos another chance to be creative. She often puts fresh flowers in her napkin holders.

Floral designs are another decorative touch Ms. Moskos gives her kitchen. Around the counters, fresh flowers are strategically placed for a touch of the outdoors. Although the windows give an extended view of the outdoors, Ms. Moskos said she doesn't want to feel trapped while cooking or eating. This feeling is what led her to surround the kitchen with numer-

ous windows.

The outside of her home is, in many cases, an extension of her kitchen. Her kitchen faces preservation land, so she can drink tea while watching a rabbit scurry by.

She grows herbs that she uses in her meals and in her homemade herb vinegar.

One of the herb plants is called "Jack's Bean Stalk," by her two young children.

Inside the kitchen are also things that make her feel comfortable. In one corner of the room, Ms. Moskos has her own personal library, filled with cookbooks, pictures, a telephone, and other material she needs to prepare her cooking columns.

"I spend a lot of time at my desk," she said. "I wanted a place that I could enjoy."

Ms. Moskos said cooking is a lot of work, so she wanted to have an atmosphere where she didn't feel trapped.

With this in mind, she installed two necessary appliances. A TV sits on one of the counters, so she can watch talk shows. Ms. Moskos said it was important to feel that she could still have a good time while cooking large amounts of

food. An intercom system is also installed in the wall, so that she can listen to music.

Still, if she ever yearns for the feeling of outdoors, all she has to do is stare outside the many views she made for herself.

"I can sit here and enjoy the view," she said. "I don't have to feel like I'm cooped up."

She did, however, consider the amount of heat generated when cooking. With that in mind, Ms. Moskos decided to install central air conditioning in her kitchen. Now, it doesn't matter what kind or how much food she's cooking.

While all her contemporary conveniences might sound a bit overwhelming for a household with two children, Ms. Moskos said the kitchen is functional for a family. Her children often enjoy an early breakfast at the counter, which makes for an accessible eating area for anyone on the run. The Formica counter tops make cleaning up an easy task for anyone.

Despite the rare conveniences in her kitchen, there are still the usual things that most kitchens include: a dishwasher, a fire extinguisher and a garbage can. The garbage can, however, looks like a decorative piece all by itself. It's an

oversized can decorated with animated figures that any passerby would take for a show piece. So, in all actuality, Ms. Moskos struck again.

There is very little that is usual

about her kitchen, and that's just fine with her because that's the effect she was going for.

"Sometimes, I feel like I'm a little girl playing house," she said.

Jackson Lumber answers building needs

This year, Jackson Lumber & Millwork has consolidated its entire operation to its facility on Market Street in Lawrence.

Alfred J. Torrissi, president, said, "We are excited about this opportunity. The talent that we have brought together allows all of our customers to receive expert advice on any building material or home-improvement project."

Jackson Lumber & Millwork, is one of the leading suppliers of lumber, building materials, hardware and millwork and kitchens in the Merrimack Valley.

The company has an experienced staff and an excellent reputation for service, quality and integrity for more than 45 years.

Jackson Lumber & Millwork is justifiably proud of its standing in the community.

Founded in 1946 by Joseph A.

"The talent that we have brought together allows all of our customers to receive expert advice on any building material or home-improvement project."

Alfred J. Torrissi

Torrissi, Jackson Lumber has grown and prospered within the community.

"We have been through the good times and the bad times, and our confidence in this community and its people is unyielding," said Mr. Torrissi.

The sprawling, modern facility has undergone some dramatic changes in its display area to include the latest styles and design in millwork, doors and windows, which cover more than 2,500 square feet of showroom space.

Special emphasis has been given to the Anderson line of windows and doors, of which Jackson has an

extensive level of stock units.

The 5,000 square foot area that formerly housed the Registry of Motor Vehicles displays the latest in kitchen cabinetry and associated products.

The firm's professionally trained designers are available to create the kitchens of a person's dreams from such brand names as Wood-Mode, Brookhaven, Imperia, Abitare, Plain 'N Fancy, Aristokraft and Merillat, along with its stock line of Mid Continent - all there for customers to see.

Jackson Lumber & Millwork is proud to announce another exciting new service - Jackson Home

Services. This program gives the consumer the opportunity to work with a single source to have doors, windows or even an entire kitchen installed.

Alfred Torrissi describes it as, "A way to take away a lot of the headaches and problems homeowners go through when renovating or remodeling their homes."

Jackson provides a trained estimator to come to your home and fully explain all the aspects of the job and then coordinate all the work that has to be done.

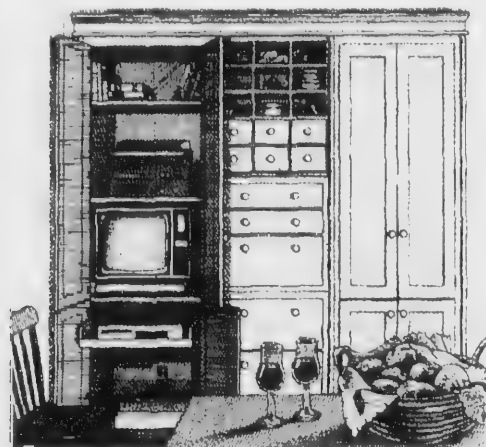

For more details on this program, call Jackson at 686-4141 and ask for extension 111.

The staff at Jackson looks forward to meeting the building material needs of all the citizens of the community. Visit, or call for an appointment, for one of its millworkers to discuss your future building plans.

DOHERTY HOME ROOMS

Homeroom assignments at Doherty Middle School have not yet been finalized, said Bruce Maki, DMS' assistant principal. Homeroom assignments will be completed by Thursday, Sept. 5, the first day of school, he said.

All students attending DMS should report to the grassy area at the back of the school near the cafeteria and driveway. At 7:35 a.m., all students who are new to the system in each the sixth, seventh- and eighth-grades will go to

the guidance office.

At that time sixth-graders will go to the cafeteria to receive their homeroom assignments. Seventh- and eighth-graders will go to the auditorium to receive their homeroom assignments.

The first-day schedule will begin with short assemblies followed by a homeroom orientation period. The rest of the day will follow shortened class periods, Mr. Maki said.

Your EYES Are Very Important, Too!

POOR VISION AFFECTS SCHOOLWORK-CAREER-DRIVING ABILITY

It's possible a child, a teen or an adult may have poor eyesight that may be affecting their grades in school, job or driving ability, without realizing what the problem is. Everyone should have their vision checked periodically by a physician, especially young children having difficulty with schoolwork.
